VENDOR: 27118 BLANK BID COPY VENDOR

BUYER: CGASPER

As per LSA-RS 47:301 et seq., all governmental bodies are excluded from payment of sales taxes to any Louisiana taxing body. Quotations shall be based on F.O.B. Agency warehouse or jobsite, anywhere within the Parish as designated by the Purchasing Department.

JEFFERSON PARISH reserves the right to cancel all or any part of an order if not shipped promptly. No charges will be allowed for parking or cartage unless specified in quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel at any time and for any reason by issuing a THIRTY (30) day written notice to the contractor.

JEFFERSON PARISH is expecting all products to be new and all work to be done in workman-like manner, according to standard practices. Any deviations or alteration from the specifications must be indicated on the bid form for each item and upon request, product data for same must be submitted by the time specified by the Purchasing Department.

## **CHANGES TO JEFFERSON PARISH BIDDING PROCEDURES**

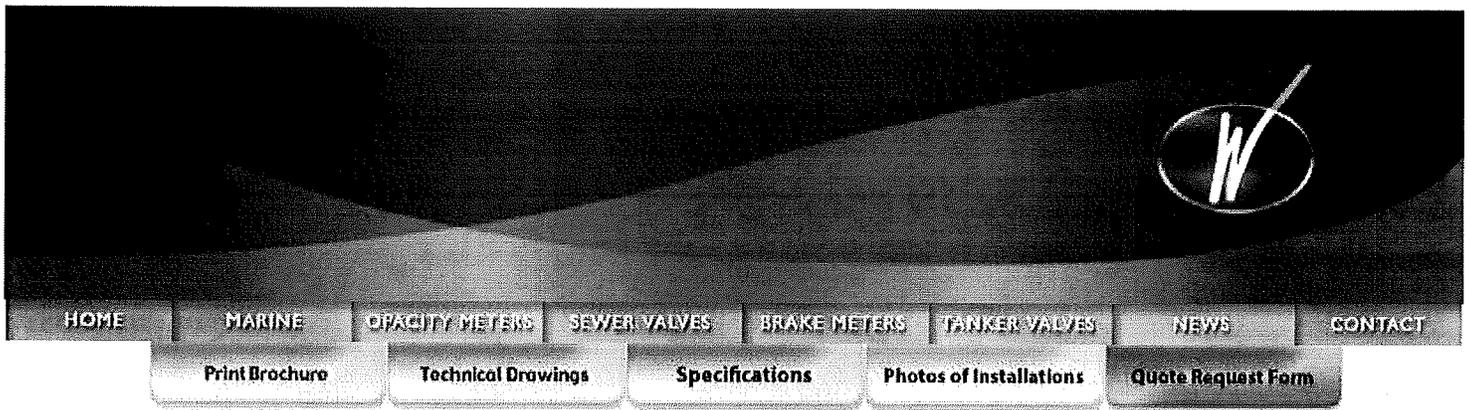

The East bank Office of Purchasing is now open! We are located in the Joseph S. Yenni Building, 1221 Elmwood Park Blvd., Suite 404, Jefferson, LA 70123. Bidders may submit bid responses at this location, pending authorization in each bid package. **Bidders should carefully read and must respond accordingly per the requirements of the bid packages. NOTE: Bidders submitting bids on the day of bid opening, bidders must submit at the West Bank location only.**

### **Other Changes Continued:**

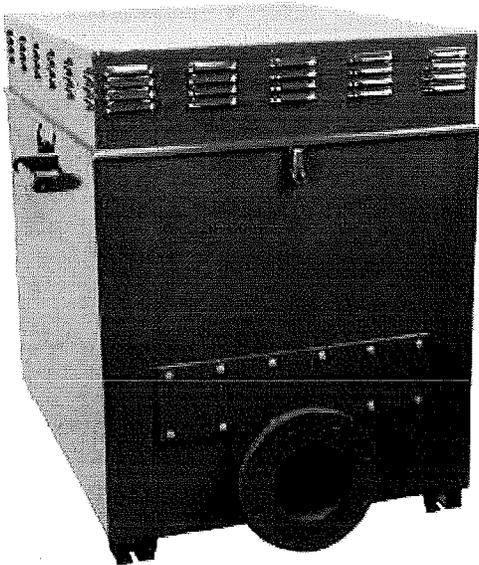

- For all advertised sealed bids, written evidence of signature authority must be included with bid submission.
- Current W9 Forms and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, a current W-9 form must be supplied upon contract execution, should you be awarded a contract and/or issued a purchase order.
- Upon contract execution, successful bidder must produce final insurance certificates per standard Jefferson Parish insurance requirements. Proof of insurance is required for bidding purposes. Bidders must read the insurance requirements attachment included in each bid package for specific instructions.

**Bidders should reference the “Additional Requirements” section of the bid instructions and/or the “Important Notice to Bidders” included in the bid package for specific requirements to respond accordingly.**

For more information, please call Jefferson Parish Purchasing at 504-364-2678.

## 2050-450i Odor Control Sewer Valve

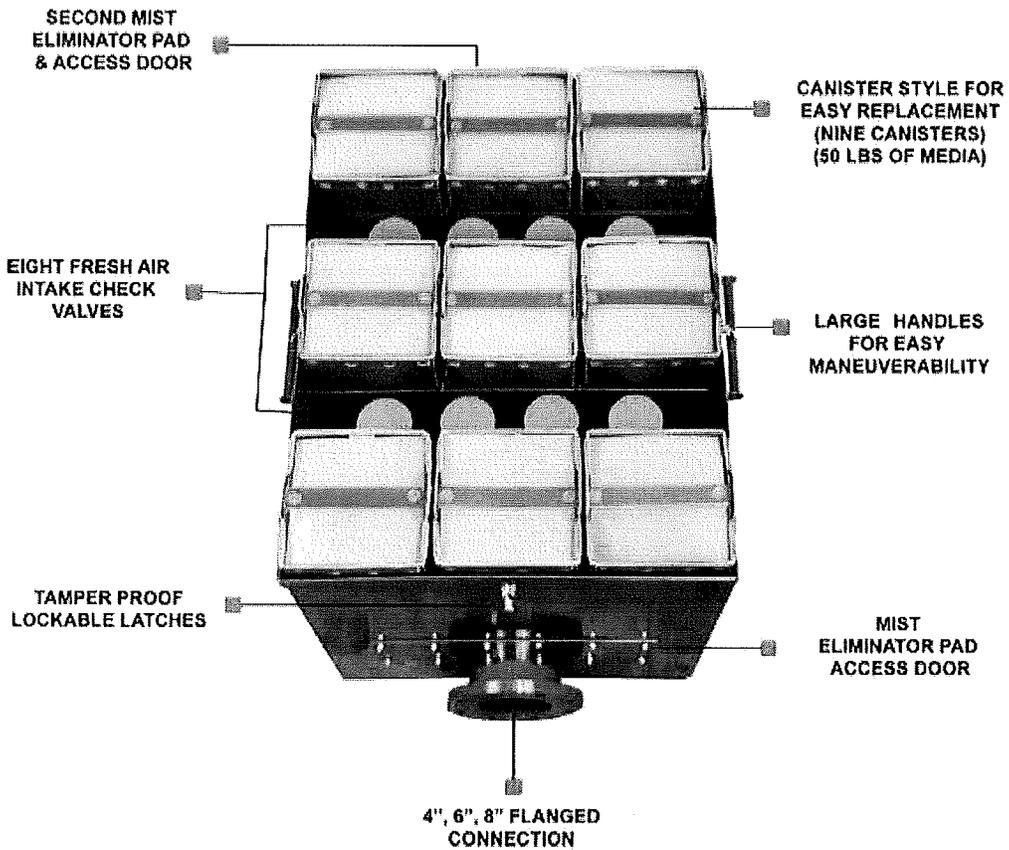

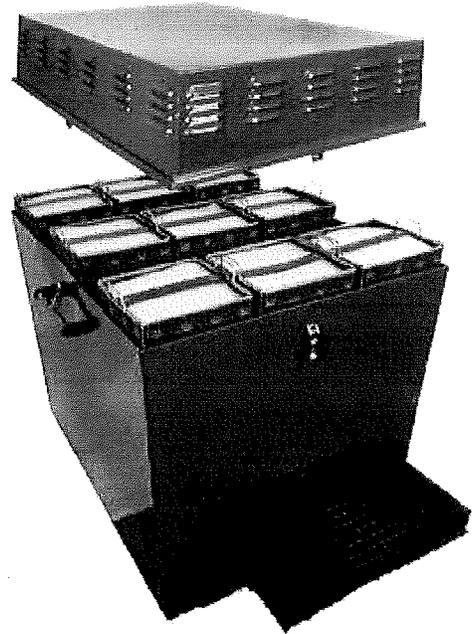

The 2050-450-i Odor Control Valve is designed to allow for ventilation and odor control at lift stations, wet wells, vaults containing ARV's and forced mains flowing into gravity fed lines. The valve is constructed from aluminum, and is epoxy coated for protection from the harsh outside environment.

Each valve contains (9) 50lb canisters of media to allow for odor scrubbing where concentrations of H<sub>2</sub>S gas and accompanying CFM are both very high. Two mist eliminator pads are incorporated into the unit in order to prevent moisture from entering into the media bed.

Our media is engineered in pellet form to allow for excellent airflow through the media bed. Pellets use a chemisorption process that change the molecules in the H<sub>2</sub>S gas into a non-toxic, odor free compound. It is non-toxic, landfill disposable, and UL rated. Wager's media has a removal capacity of 47% by weight. It has an efficiency rating of 99.5 % in initial removal. A complementary lab analysis of the media is offered after a 12 month period to help determine the remaining life of the media. Feedback from our lab will greatly assist in determining the proper PM maintenance program for each vent site.

The 2050-450-i contains (8) check valves that allow for fresh air intake directly in the lines or tank without any restrictions from the unit's media bed. Optional caps may be provided if fresh air intake is not required.

The 2050-450-i fits beautifully into residential as well as commercial locations. Each vent has louvered covers to allow for maximum air flow of deodorized air. Every vent is equipped with lockable latches to prevent tampering. It is available with a 4", 6", or 8" outlet. Optional metric flanges are available.
