BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES ☒ NO ☐

MAXIMUM ESCALATION PERCENTAGE REQUESTED 10 %

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF 60 days

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

Warranty Information

QWICK KURB® is the only raised separator system that has been part of a Federal Government sponsored test (Federal Railroad Administration, North Carolina – 1997). The original German version of the system, Klemmfix, has been used on the Autobahn since the mid-1980s. In 1995 QWICK KURB® began operating in the United States. These raised separator systems are installed worldwide, making them subject to countless vehicle impacts in all weather conditions and climates, from the frigid winter winds in Michigan to the hot summer desert air of New Mexico. So we know that our product holds up, and we know that it holds up well.

Indeed, we are so confident of our raised separator system's durability that we provide a Two-year Warranty for Workmanship and Materials for all the components. Moreover, we offer a one-of-a-kind 5-Year Road Hazard Warranty for the Separator, Reflective Arcs and Cloverleaf Asphalt Mollies. Yes, you read that correctly, if the Separator, Reflective Arcs or Cloverleaf Asphalt Mollies are damaged by normal auto or truck traffic, we will replace those items under our warranty.

The Warranty Summary

We have seen a number of "knock-off" versions of raised separator in the last year or so. Some of these are made of plywood, old tires, concrete or cheap plastic that shatters and crumbles under normal traffic. None of these have a molded-in metal connector to assure stability and durability, and the materials are brittle. So, don't be misled by claims, "as good as QWICK KURB®." We know our product is durable; they know that their product is not. Be certain that you are getting a durable separator system with minimal maintenance and a road hazard warranty.

SEPARATOR	100% ROAD HAZARD Warranty for Separator, Reflectors and Mollies	Partial (60%) ROAD HAZARD Warranty for Separator, Reflectors and Mollies	100% Workmanship and Materials Warranty for all units
QWICK KURB®	3 YEARS	YEARS 4 TO 5	2 YEARS

ALWAYS INCLUDE THE FOLLOWING REQUIREMENTS IN YOUR BID SPECIFICATIONS

Roadway Traffic Hazard Warranty

As a condition of this bid, Supplier must provide with the bid a manufacturer's warranty against damage from all normal vehicular roadway traffic for the separator units, profile reflectors and asphalt mollies at 100% for the first two years, and at least 50% of the replacement value for three additional years

Workmanship and Materials Warranty

As a condition of this bid, Supplier must provide with the bid a two year 100% manufacturer's warranty covering workmanship and material for all units.

Any bidder failing to provide the required Warranties or FHWA Acceptance letter will be disqualified.
