## QUOTE - E85596-77A LA

Page 1 of 1

Date **12/05/2022** Expires **01/04/2023**  
Project **Jefferson Parish**  
Gretna, LA 70054

Ref Specs **UL/LPI/NFPA Standards**  
Ref Drawings **Google image**  
Estimate Total **\$22,560.00**

Name **911 Emergency Operations Facility Reroof**

### Scope of proposal

- 1) Price includes removing and reinstalling the existing roof circuit lightning protection system for the 911 Emergency Operations Facility Reroof and tying to existing downleads and grounds. Price includes furnishing new materials necessary along with reusing all existing salvageable material. Removal of the existing system by other trades could result in additional cost. Price is based on Bonded retaining the materials removed from the project. Price is based on the existing downleads and grounds being undamaged for the system to be complete.
- 2) Upon completion, we will provide a Bonded Lightning Protection Certification stating the work performed complies with lightning protection standards as written by Underwriters Laboratories, Inc., the National Fire Protection Association, and the Lightning Protection Institute.

### Exclusions

- 1) Price is based on adhering directly to the roof membrane and does not include furnishing or installing any special pads, pavers, membrane strips, etc. under the lightning protection roof conductors. If required by the roof manufacturer (400) locations are required.
- 2) Roofing Contractor to furnish and install the flashing and sealing for (11) roof penetrations.

Bonded Lightning Protection Systems standard terms and conditions of sale apply and are incorporated by reference as part of this quotation and any work resulting from this quotation. If submittals are provided, Bonded will invoice for work performed. Should you need a copy, please call 800-950-7933 or visit our website ([www.bondedlp.com](http://www.bondedlp.com)).
