Electricians' Step Drills - Premium Swift Bore®

Carded

- Premium Swift Bore® High-Speed Molybdenum Steel - Heavy-Duty. Wear resistant against high temperature and abrasion.
- Precision Ground, Bright Finish
- Hole Sizes 1/4, 7/8, 1-1/8, 1-7/32, 1-1/4, 1-3/8"
- For metal, wood & plastic drilling
- Sure-Start point, fast penetration and accurate self centering
- Produce perfectly round burr-free holes in materials up to 1/8" thick.
- 6 conventional drill sizes on one bit.
- Lobular shanks won't slip in the drill chuck.
- Sizes are laser marked on the bit for easy hole size identification.
- Cone shape of the bit adds strength so there is no flexing of the bit while drilling.
- Economical and practical for electricians, auto mechanics, sheet metal workers, and general contractors.
- Shank Size 1/2"

Premium Swift Bore.

Hi-Molybdenum Steel

Tri-Lobe Shank

Metal

Plastic

Wood
