RIGID DRAG MAT ASSEMBLY INSTRUCTIONS

Drag Mat Attachment Components Included:

- 1 – Angle Plate
- 1 – Flat Plate
- 1 – Rope with Handle and 2 Chain Links on Either End
- 6 – Pan-Head $\frac{1}{4}$ "- 20 X $\frac{7}{8}$ " Long Phillips Bolts
- 6 – $\frac{1}{4}$ "-20 Nylock Half-Nuts

You will also need a Phillips head screwdriver and a $\frac{1}{4}$ " box end wrench (open end wrench or crescent wrench may also be used) or ratchet with $\frac{1}{4}$ " socket.

Step 1 – Find a flat (tabletop if available) surface on which to lay the angle plate so that the wider leg of the angle plate is against the flat surface.

Step 2 – Insert bolts through holes so end of bolt is sticking straight up.

Step 3 – Unroll mat and find side of mat without red spacers and with the two openings in the strip steel. Align this side of the mat with angle plate so that they are even in width. Pull mat over bolts and rest on top of angle plate. The outside bolts must protrude through last square on either side.

Step 4 – Insert chain links at each end of the rope through the slots on the face of the angle plate and loop over bolt (second bolt in from either side of angle plate).

Step 5 – Lay flat plate on top of the mat and align flat plate holes with protruding bolts and screw on nuts. ***Tighten, but not tight enough to distort flat plate.***

MATTING STANDARDS and STOCK SIZES

Keystone keeps certain size mats in stock. See below for the lists of each matting style that is stocked. This list is subject to change. All inventoried mats should conform to the following standards for red spacers, attachments, and packaging. Mats can be ordered to different specifications, but will ship based on production times at the time of order placement. If a mat is in stock, it usually ships in 1-3 days.

PACKAGING

All mats 30" and under are fully wrapped in cardboard to save UPS additional handling charges. Large orders shipped by truck, may not get fully wrapped unless requested.

Wider mats are rolled and a cardboard sleeve is placed over each end. When shipped by UPS, an additional section of cardboard is wrapped around the middle of the mat where the UPS label and packing list are taped. These mats incur a UPS Additional Handling charge. As of October 2014, that charge is \$8.75.

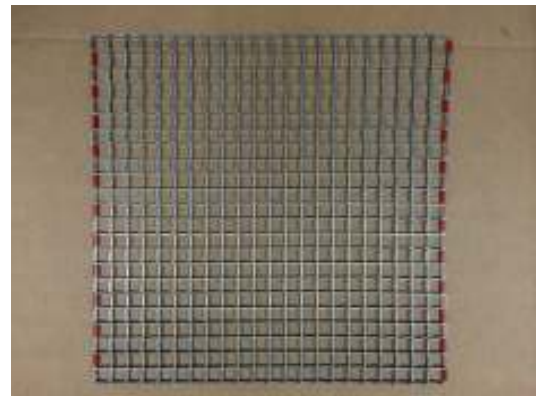

FLEXIBLE MATS (FLOOR MATS): Red spacers are put across the entire edge of both sides of the mat.

The mat can roll up from left to right in the photo.

Keystone stocks the following flexible mats.

16" x 2' 0"
