INVITATION TO BID  
THIS IS NOT AN ORDER

Page: 4

BID NO.: 50-00126066

**JEFFERSON PARISH**

PURCHASING DEPARTMENT  
P.O. BOX 9  
GRETNA, LA. 70054-0009  
504-364-2678

VENDOR: Basic Supply LLC

BUYER: DREAMEY

As per LSA-RS 47:301 et seq., all governmental bodies are excluded from payment of sales taxes to any Louisiana taxing body. Quotations shall be based on F.O.B. Agency warehouse or jobsite, anywhere within the Parish as designated by the Purchasing Department.

JEFFERSON PARISH reserves the right to cancel all or any part of an order if not shipped promptly. No charges will be allowed for parking or cartage unless specified in quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel at any time and for any reason by issuing a THIRTY (30) day written notice to the contractor.

JEFFERSON PARISH is expecting all products to be new and all work to be done in workman-like manner, according to standard practices. Any deviations or alteration from the specifications must be indicated on the bid form for each item and upon request, product data for same must be submitted by the time specified by the Purchasing Department.

203031 Rustoleum M1800 System Precision Line Inverted Water Based Marking  
Spray Paint, Caution Blue

#### PRODUCT OVERVIEW

Use for marking concrete, pavement, gravel, grass, and more. Use to mark the location of underground utilities at construction and excavation sites where identification is desired. Features a precision-line spray tip for easy-to-read, bright, vivid markings. Can be applied down to 25-degree Fahrenheit. Dries in less than 5 minutes. Spray-through cap. Tip keeps paint off fingers. Use with sku# 826.4608. Can be used in USDA facilities based on FSIS Directive 11,000.4 (Rev. 1), November 24, 1995. Covers approximately 600-700 linear feet at 1 in. wide.

# DIAMOND BLADES

Our automated laser welding, production and quality control process insures that all blades are of the utmost quality, are designed to do the job at hand and are very consistent from one to another.

The keys to top quality diamond blades:

◆ **Fast Cutting Action** – We select only the toughest diamonds to produce a fast rate of cut. Fast cutting action gets the job done quickly and more efficiently.

◆ **Long Blade Life** – Quality of bond and proper bond structure of diamond segments has major effect on blade life. Our state-of-the-art automated laser welding technology bonds the diamond segments to the steel core and extends blade life when used properly.

◆ **Diamond Concentration** – Appropriate diamond concentration for ultimate performance. Too high of diamond concentration actually hinders performance and prohibits blades from cutting freely.
