AMENDED & RESTATED BY-LAWS
OF
TECHNICAL ENVIRONMENTAL SERVICES, INC.

ARTICLE I.
OFFICE

Section A. Principal office. The principal office of the corporation shall be

5133 Taravella Road
Marrero, Louisiana 70433

Section B. Other offices. The corporation may also have offices in such other places, both within and without the State of Louisiana, as the Board of Directors may from time to time determine or the business of the corporation may require.

ARTICLE II.
SHAREHOLDERS

Section A. Annual meeting. An annual meeting of the shareholders, commencing with the year 2016, shall be held on a date and at a time determined by the Board of Directors, but in no event later than the 31st day of December in each year, or if the date is a legal holiday, the next succeeding day not a legal holiday, at 10 o'clock a.m., for the purpose of electing Directors and transacting such other business as may properly be brought before the meeting. If the election of Directors is not held on the day designated herein for any annual meeting of the shareholders, or any adjournment thereof, the Board of Directors shall cause the election to be held at a special meeting of the shareholders as soon thereafter as conveniently may be done.

Section B. Special meetings. Special meetings of the shareholders for any purpose or purposes, unless otherwise prescribed by statute, may be called by the President or by the Board of Directors, and shall be called by the President at the written request of the holders of a majority of all the outstanding shares of the corporation entitled to vote at the meeting.

Section C. Place of meetings. The Board of Directors may designate any place, either within or without the State of Louisiana, as the place of meeting for the annual meeting or for any special meeting called by the Board of Directors; provided, however, that if the special meeting is called at the written request of shareholders as aforesaid, the meeting shall be held at the registered office of the corporation. A waiver of notice signed by all shareholders entitled to vote at the meeting may designate any place, either within or without the State of Louisiana, as the place for the holding of such meetings. If no designation is made or if a special meeting be otherwise called, the place of meeting shall be the registered office of the corporation in the State of Louisiana.

Section D. Notice of meetings. Written or printed notice stating the place, day, and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered not less than ten (10) nor more than fifty (50) days before the date of the meeting, either personally or by mail, to each shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the shareholder, at such shareholder's address as it appears on the stock transfer books of the corporation, with postage thereon prepaid. If the meeting is one called by written request of shareholders, the date of the meeting shall be not less than fifteen (15) nor more than sixty (60) days after receipt of the written request from the shareholders.

Section E. Record dates. For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or for the purpose of determining shareholders entitled to receive payment of any dividend, or in order to make a determination of shareholders for any other proper purpose, the Board of Directors may fix in advance a date as the record date for any such determination of shareholders, such date in any case to be not more than sixty (60) days, and in the case of a meeting of shareholders not less than ten (10) days, prior

to the date on which the particular action requiring such determination of shareholders is to be taken. If no record date is fixed for the determination of shareholders, entitled to notice of or to vote at a meeting of shareholders, or for the determination of shareholders entitled to receive payment of a dividend, the date on which notice of the meeting is mailed, or the date on which the resolution of the Board of Directors declaring such dividend is adopted, as the case may be, shall be the record date for such determination of shareholders.

Section F. List of shareholders. A complete list of the shareholders entitled to vote at said election, arranged in alphabetical order, and the number of voting shares held by each, shall be prepared and certified by the Secretary. Such list shall be produced and kept at the time and place of election during the whole time thereof, and subject to the inspection of any shareholder who may be present.

Section G. Business. Business transacted at all special meetings of shareholders shall be confined to the objects stated in the call.

Section H. Quorum. The holders of a majority of the shares of stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall be requisite for and shall constitute a quorum at all meetings of the shareholders for the transaction of business, except as otherwise provided by statute, by the Articles of Incorporation, or by these By-Laws. If less than a majority of the outstanding shares are represented at a meeting, however, a majority of the shares so represented may adjourn the meeting from time to time without notice, other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented any business may be transacted which might have been transacted at the meeting as originally notified.

Section I. Vote. When a quorum is present at a meeting, the vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall decide any question brought before such meeting unless the question is one upon which by express provisions of the statutes of Louisiana or of the Articles of Incorporation or by these By-Laws, a different vote is required, in which case such express provision shall govern and control the decision of such question.

Section J. Proxy. At all meetings of the shareholders, each shareholder having the right to vote shall be entitled to vote in person or by proxy appointed by an instrument in writing subscribed by such shareholder and bearing a date not more than eleven (11) months prior to said meeting, unless said instrument specifically provides for a longer period (not to exceed three (3) years).

ARTICLE III. DIRECTORS

Section A. General. The property and business of the corporation shall be managed by a Board of Directors which may exercise all such powers of the corporation and do all such lawful acts and things as are not by statute or by the Articles of Incorporation or by these By-Laws directed or required to be exercised or done by the shareholders.

Section B. Number of Directors. The Board shall consist of one Director. The number of Directors thereafter may be increased only by (i) the shareholders at the annual meeting or (ii) unanimous consent of all the Directors serving at the time of such increase; provided, however, that no such increase shall exceed the limits imposed in the Articles of Incorporation. Any Director elected by unanimous consent of the other Directors shall serve only until the next annual meeting of the shareholders. Except as hereinabove provided, the Director shall be elected at the annual meeting, or at a special meeting called for that purpose, and each Director so elected shall hold office for a period of three year or until his successor shall be elected and shall qualify. Directors need not be shareholders.

Section C. Vacancies. If any vacancies occur in the Board caused by death, resignation, retirement, disqualification or removal from office of any Director, a majority of the Directors then in office, though less than a quorum, may choose a successor or successors, and the Directors so chosen shall hold office until the next annual election and until their successors are duly elected and shall qualify, unless sooner displaced. If there are no Directors in office, then an election of Directors may be held in the manner provided by statute. If, at the time of filling any vacancy, the Directors then in office shall constitute less than a majority of the whole board, the proper court may, upon application of any shareholder or shareholders holding at least ten percent (10%) of the total number of the shares at the time outstanding having the right to vote for such Directors, summarily order an election to be held to fill any such vacancies, or to replace the Directors chosen by the Directors then in office.

MEETINGS OF THE BOARD

Section D. Place. The Directors of the corporation may hold their meetings, both regular and special, either within or without the State of Louisiana.

Section E. First meeting. The first meeting of each newly elected Board shall be held at such time and place as shall be fixed by the vote of the shareholders at the annual meeting and no notice of such meeting shall be necessary to the newly elected Directors in order to legally constitute the meeting provided a quorum shall be present; or, the Directors may meet in such place, and at such time, as shall be fixed by the consent in writing of all the said Directors.

Section F. Regular meeting. Regular meetings of the Board may be held without notice at such time and place as shall be from time to time determined by the Board.

Section G. Special meetings. Special meetings of the Board may be called by the President on forty-eight (48) hours' notice to each Director, either personally or by mail, telegram or

telex; special meetings shall be called by the President or Secretary in like manner and on like notice on the written request of any two Directors.

Section H. Quorum. At all meetings of the Board a majority of the Directors shall constitute a quorum for transaction of business, except as otherwise provided by statute or in the Articles of Incorporation. If less than such majority is present at a meeting, a majority of the Directors present may adjourn the meeting from time to time without further notice until a majority is present.

Section I. Vote. The affirmative vote of a majority of the Directors shall be required for any act of the Board of Directors.

Section J. Compensation. By resolution of the Board of Directors, the Directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a regular sum fixed by them for attendance at each meeting of the Board of Directors or a stated salary as Director. No such payment shall preclude any Director from serving the corporation in any other capacity and receiving compensation therefore.

Section K. Written consent. Unless otherwise restricted by the Articles of Incorporation or these By-Laws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board or committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board or committee.

Section L. Director's Proxies. Any Director absent from a meeting of the Board of Directors or any committee thereof may be represented by any other Director or shareholder, who may cast the vote or votes of the absent Director according to the written instructions, general or specific, of the absent Director. The proxy or written instructions may be provided in a document signed by the Director, in a telex or telegram, or in any other means of written communications. Any Director may

vote by proxy at any general or special meeting or in any action taken by written unanimous consent. A proxy granted in writing shall be terminable at will, but shall remain in effect indefinitely until terminated by the granting Director or until it terminates under the terms of the written instructions.

Section M. Meetings by Conference Calls. Meetings of the Board of Directors by means of telephone conference calls are authorized and, therefore, the members of the Board of Directors may participate in and hold a meeting of the Board by means of conference telephone or similar communications equipment provided that all persons participating in the meeting can hear and communicate with each other. Participation in a meeting pursuant to this section shall constitute presence in person at the meeting, except when a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

COMMITTEES OF DIRECTORS

Section N. Designation. The Board of Directors may, by resolution passed by a majority of the whole Board, designate one or more committees, each committee to consist of two or more of the Directors of the corporation, which, to the extent provided in said resolution, shall have and may exercise the powers of the Board of Directors in the management of the business and affairs of the corporation, and may have power to authorize the seal of the corporation to be fixed to all papers which may require it. Any such committee or committees shall have such name or names as may be determined from time to time by resolution adopted by the Board of Directors.

Section O. Minutes. The Committee shall keep regular minutes of their proceedings and report the same to the Board when required.

ARTICLE IV. NOTICE

Section A. Method. Whenever notice is required to be given to any Director or shareholder under provisions of the laws of Louisiana or of the Articles of Incorporation or of these By-Laws, such notice shall not be construed to mean personal notice, but may be given in writing, by mail, telegram or telex, addressed to such Director or shareholder at such address as appears on the books of the corporation, and such notice shall be deemed to be given at the time that the same shall be so mailed.

Section B. Waiver of notice. Whenever any notice is required to be given under the provisions of the laws of Louisiana or of the Articles of Incorporation or these By-Laws, a waiver thereof in writing, signed by the person or persons entitled to said notice, whether before or after the time stated therein, shall be deemed equivalent thereto, and such waiver need not specify the purpose of or the business to be transacted at the meeting.

ARTICLE V. OFFICERS

Section A. Designation. The officers of the corporation shall be a President and a Secretary, each of whom shall be elected by the Board of Directors. The Board may also elect one or more Vice Presidents and other officers as may be deemed necessary by the Board. Any two or more offices may be held by the same person.

Section B. Election. The Board of Directors at its first meeting after such annual meeting of shareholders shall choose a President from among its members, and shall choose a Secretary and may choose one or more Vice-Presidents, none of whom need be members of the Board.

Section C. Agents. The Board may appoint such agents on behalf of the corporation as it shall deem necessary, for such terms and to exercise such powers and perform such duties as shall be

determined from time to time by the Board, and not conflicting with these By-Laws or the Articles of Incorporation.

Section D. Salaries. The salaries of all officers and agents of the corporation shall be fixed by the Board of Directors.

Section E. Term. The officers of the corporation shall hold office until their successors are chosen and qualify, unless sooner removed or displaced. Any officer elected or appointed by the Board of Directors may be removed at any time by the affirmative vote of a majority of the whole Board of Directors whenever in their judgment the best interests of the corporation would be served thereby.

Section F. Vacancy. Vacancy in any office because of death, resignation, removal, disqualification or otherwise may be filled by the Board of Directors for the unexpired portion of the term.

PRESIDENT

Section G. It shall be the duty of the President to preside over all Board meetings. He shall also be the chief executive officer of the corporation and, subject to the control of the Board of Directors, shall in general supervise and control all of the business and affairs of the corporation. He shall, when present, preside at all meetings of the shareholders and shall be ex-officio a member of all standing committees. He shall have general and active management of the business of the corporation and shall see that all orders and resolutions of the Board are carried into effect. He shall, in general, perform all duties incident to the office of President and such other duties as from time to time may be assigned to him by the Board of Directors.

Section H. The President may sign, with the Secretary or any other proper officer of the corporation thereunto authorized by the Board of Directors, certificates for shares of the corporation

and any deeds, mortgages, bonds, contracts, or other instruments which the Board of Directors has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board of Directors or by these By-Laws to some other officer or agent of the corporation or shall be required by law to be otherwise signed or executed.

VICE-PRESIDENTS

Section I. The Vice-Presidents shall, in the absence or disability of the President, perform the duties and exercise the powers of the President, and shall perform such other duties as the Board of Directors shall prescribe, including without limitation performing the duties of the President relating to transactions between the corporation and the President in the President's individual capacity.

SECRETARY

Section J. The Secretary shall attend all shareholders' meetings and Board of Directors' meetings and keep the minutes thereof in one or more books provided for that purpose. He shall also: (1) see that all notices are duly given in accordance with the provisions of these By-Laws as required by law; (2) be custodian of the corporate records and of the seal of the corporation and see that the seal of the corporation is affixed to all documents the execution of which on behalf of the corporation under its seal is duly authorized; (3) keep a register containing the post office address of each shareholder which shall be furnished to the Secretary by such shareholders; (4) sign, with the President, certificates for shares of stock in the corporation, the issuance of which shall have been authorized by resolution of the Board of Directors; (5) have general charge of the stock transfer books of the corporation; (6) in general perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

ARTICLE VI.

INDEMNIFICATION

Section A. The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any action, suit, or proceeding, whether civil, criminal, administrative, or investigative (including any action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another business, foreign, or nonprofit corporation, partnership, joint venture, or other enterprise, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful; provided that in case of actions by or in the right of the corporation, the indemnity shall be limited to expenses (including attorneys' fees and amounts paid in settlement not exceeding, in the judgment of the Board of Directors, the estimated expense of litigating the action to conclusion) actually and reasonably incurred in connection with the defense or settlement of such action and no indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable for willful or intentional misconduct in the performance of his duty to the corporation unless and only to the extent that the court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, he is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not,

of itself, create a presumption that the person did not act in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section B. To the extent that a director, officer, employee, or agent of the corporation has been successful on the merits or otherwise in defense of any such action, suit, or proceeding, on in defense of any claim, issue, or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

Section C. The indemnification hereunder (unless ordered by the court) shall be made by the corporation only as authorized in a specific case upon a determination that the applicable standard of conduct has been met. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of Directors who were not parties to such action, suit, or proceedings, or (2) if such a quorum is not obtainable, by independent legal counsel, or (3) by the shareholders.

Section D. The expenses incurred in defending such an action, suit, or proceeding shall be paid by the corporation in advance of the final disposition thereof if authorized by the Board of Directors, without regard to whether participating members of the Board are parties to such action, upon receipt of an undertaking by or on behalf of the Director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized hereunder.

Section E. The indemnification and advancement of expenses provided hereunder shall not be deemed exclusive of any other rights to which one indemnified may be entitled, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue

as to a person who has ceased to be a Director, officer, employee, or agent and shall inure to the benefit of his heirs and legal representatives.

Section F. The corporation may procure or maintain insurance or other similar arrangement on behalf of any person who is or was a Director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a Director, officer, employee, or agent of another business, nonprofit or foreign corporation, partnership, joint venture, or other enterprise against any liability asserted against or incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the Louisiana Business Corporation Law. Without limiting the power of the corporation to procure or maintain any other kind of insurance or similar arrangement, the corporation may create a trust fund or other form of self-insurance arrangement for the benefit of persons indemnified by the corporation and may procure or maintain such insurance with any insurer deemed appropriate by the Board of Directors regardless of whether all or part of the stock or other securities thereof are owned in whole or part by the corporation. In the absence of actual fraud, the judgment of the Board of Directors as to the terms and conditions of such insurance or self-insurance arrangement and the identity of the insurer or other person participating in a self-insurance arrangement shall be conclusive, and such arrangements for insurance shall not be subject to voidability and shall not subject the Directors approving such arrangement to liability, on any ground, regardless of whether any Directors participating in approving such insurance arrangements shall be beneficiaries thereof.

ARTICLE VII. CERTIFICATES OF STOCK

Section A. Form. Certificates representing shares of stock in the corporation shall be in such form as determined by the Board of Directors. All certificates shall be signed by, or in the name

of the corporation by, the President or Vice President, and by the Secretary. All certificates for such shares shall be consecutively numbered, and the name and address of the person to whom the shares represented thereby are issued, together with the number of shares and date of issue shall be entered on the stock transfer books of the corporation.

Section B. Transfer Agents, Registrars. Where a certificate is countersigned (1) by a transfer agent other than the corporation or its employee, or (2) by a registrar other than the corporation or its employee, any other signature on the certificate may be facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer, transfer agent or registrar at the date of issue.

Section C. Lost certificates. The Board of Directors may direct a new certificate or certificates to be issued in place of any certificate or certificates issued by the corporation and alleged to have been lost or destroyed, providing that:

2. An indemnity bond deemed sufficient by the Board of Directors is filed with the corporation; and
3. An affidavit of loss is filed with the corporation, containing the following elements:
 - i) A statement that the affiant is the lawful owner of the securities;

The Board of Directors shall have discretion to waive any of the foregoing requirements. The Board of Directors may require that the provisions of La. R.S. 10:8-405 be complied with before a new certificate is issued.

Section 53. Transfer of stock. Upon surrender to the corporation or the transfer agent of the corporation of its certificate for shares, duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the corporation to issue a new certificate to the person entitled thereto, to cancel the old certificate and to record the transaction on its books.

We, further reserve the right to request additional information and/or conduct an on-site visit at any time during your certification period.

The Department has contracted with SJB Group, LLC to provide DBE Supportive Services to all our certified DBE's at no cost to you. BID # 50-00120187

TWO YEAR CONTRACT TO PROVIDE ENVIRONMENTAL TESTING AND CONSULTING IN COORDINATION WITH DEMOLITION PROCEEDINGS FOR THE JEFFERSON PARISH DEPARTMENT OF INSPECTION AND CODE ENFORCEMENT (DANGEROUS BUILDING ABATEMENT)

Pre-Bid Conference

A Pre-Bid Conference will be held at 10:00 AM on August 3, 2017, in the Purchasing Division, Suite 4400, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. The Pre-Bid Conference is optional, however, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specifications with no additional cost to the owner.

Background

The Jefferson Parish Department of Inspection and Code Enforcement has issued this bid for the purpose of obtaining responsive bids to establish a two year contract to provide environmental testing and consulting in coordination with demolition proceedings on an as-needed basis, for Jefferson Parish.

The awarded contract will include projects for the Department of Inspection and Code Enforcement and may be utilized by other Departments. The number and aggregate dollar value of total jobs to be performed under the contract is unknown and not guaranteed. Quantities listed are Jefferson Parish's best estimate and do not obligate Jefferson Parish to order or accept more than its actual requirements during the period of this agreement as determined by actual needs and availability of appropriated funds.

Requirements

The individual performing the asbestos testing shall have an accredited Asbestos Inspector Certification approved by the Louisiana Department of Environmental Quality. **The Contractor shall provide a copy of its current certification with bid submission. Failure to comply will cause the bid to be rejected.**

Scope of Work/Services

Jefferson Parish Department of Inspection and Code Enforcement anticipates that certain of its projects will be required by the Louisiana Department of Environmental Quality to have asbestos testing performed. Contractor is to provide all necessary equipment, materials, transportation, and labor for said services. Projects must be accomplished in a quality and timely manner. All services shall be provided on an as-needed basis and there shall be no guarantee as to the amount of work given on a yearly basis.

Evaluation Phase – Upon a request from the Director, Contractor shall study, evaluate, and present its findings for the following:

The Contractor shall inspect the site, gather any suspect material, test and notify the Dangerous Building Abatement Section of the Department of Inspection and Code Enforcement if any suspect material(s) contain asbestos, along with whether the content exceeds that which allowed by law would prompt a Regulated Asbestos Containing Material (RACM) demolition.

Period of Agreement

The term of any contract resulting from this solicitation shall begin on December 12, 2017 and shall continue for a period of two (2) years thereafter.

Location

Location of service to be performed is within unincorporated Jefferson Parish as per individual work orders issued for asbestos testing services requested.

Performance Requirements

Parish of Jefferson will issue a written work order to Contractor for each project, by such means to include e-mail communication, facsimile, hand-delivery, or whatever manner the Parish deems appropriate.

Contractor shall provide the Dangerous Abatement Section of the Department of Inspection and Code Enforcement via e-mail of their completed report within seven (7) calendar days from issuance of the work order. This timeframe may be extended in an amount equal to the time lost due to delays beyond the control of the Parish or the contractor. Such delays may include, but not be limited to, inclement weather, that directly affects Contractor's ability to test, fires, floods, or acts of God. Contractor must notify Parish in writing within twenty-four (24) hours of the event to request the extension. On occasion, the Parish may have a need for emergency asbestos testing which will require that the testing be performed and the report submitted to the Parish within twenty-four (24) hours of issuance of the work order. Accordingly, this requirement is included as a line item in this bid.

Contractor shall have sufficient equipment to perform Parish work at all times.

Contractor must coordinate with the Department of Inspection and Code Enforcement to assure efficient, effective, and cost-effective project completion.

Contractor must submit an invoice within forty-five (45) days of successful completion to the Department of Inspection and Code Enforcement.

Contractor must maintain a clear line of communication with Jefferson Parish and the Department of Inspection and Code Enforcement.

Liquidated Damages

Time is an essential condition of this contract. Should contractor fail to timely provide the completed regular report via e-mail to the Parish within seven (7) calendar days from the issuance of the work order, without a formal extension by the Parish, the Contractor shall pay to Parish, as liquidated damages, \$50.00 per day. Should Contractor fail to timely provide the completed emergency report within twenty-four (24) hours of the event without a formal extension by the Parish, Contractor shall pay \$25.00 per hour. All damages from this Section shall be deducted from the contractor's invoice for the cost of testing.

If submitting online, vendors may send questions via the E-Procurement site no later than Five (5) working days prior to the bid opening.

If this bid requires a pre-bid conference (see Additional Requirements section), bidders are advised that such conference will be held to allow bidders the opportunity to identify any discrepancies in the bid specifications and seek further clarification regarding instructions. The Purchasing Department will issue a written response to bidders' questions in the form of an Addendum. Please note that all official communication will be expressed in the form of an addendum.

All formal Addenda require written acknowledgement on the bid form by the bidder. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected. JEFFERSON PARISH reserves the right to award bid to next lowest responsive and responsible bidder in this event.

The purpose and intention of this invitation to bid is to afford all suppliers an equal opportunity to bid on all construction, maintenance, repair, operating supplies and/or equipment listed in this bid proposal. Doing so will cause the bid to be rejected.

A corporate resolution or written evidence of the individual signing the bid having such authority must be submitted with the bid. Failure to comply will cause bid to be rejected. For corporate entities, such written evidence may be a printout of the Louisiana Secretary of State's website listing the signatory as an officer. Such printout shall be included with the bid submission. Bids submitted by Owners or Sole Proprietorships must include certification that he or she owns the entity for which the bid is signed. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF _____.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. Consulting Services Specific to this project—Asbestos

NV5 provides our clients with asbestos consulting services from the initial investigations, through the preparation of specifications, bidding period services, and third party air monitoring oversight. We have been involved in the preparation of Operations and Maintenance Programs as well as asbestos and lead awareness training.

Asbestos Surveys

The survey for asbestos-containing materials (ACM) follows the National Emission Standards for Hazardous Air Pollutants (NESHAP) guidelines established under Section 112 of the Clean Air Act and ASTM E2356 Standard Practice for Comprehensive Building Surveys. These guidelines prescribe the minimum sampling and materials condition and hazard assessment procedures.

In executing an asbestos survey, NV5 provides the following services:

- Conduct a walk-through of the structure, with certified personnel, to become oriented with the site and establish comprehensive sampling programs specific to the proposed renovation;
- Review plans for the proposed renovations;

- Collect all samples of suspected ACM in accordance with the Environmental Protection Agency (EPA), state, city and Occupational Safety Health Administration (OSHA) regulations preventing airborne fiber exposure to the surveyor and facility personnel. Samples taken in occupied spaces are taken in locations that minimize the visual impact of the resulting sample location. We restore visible sample locations to a condition as close to original as possible in those areas accessible to the general population; collect general photographic documentation;
- Indicate sample locations on floor plans (plans provided by owner); and
- Provide for the analysis of suspected building samples by Polarized Light Microscopy (PLM) with dispersion staining in accordance with EPA Interim Method of the Determination of Asbestos in Bulk Insulation Samples, EPA-600/M4-82- 020. All bulk sample analysis is conducted by laboratories that are accredited under the National Voluntary Laboratory Accreditation Program (NVLAP). In accordance with the New York State Department of Health Environmental Laboratory Approval Program (ELAP) requirements, select non-friable, organically bound materials (NOB) that test negative for the presence of asbestos via PLM analysis are submitted for subsequent analysis via Transmission Electron Microscopy (TEM) to confirm the negative PLM result. In the absence of TEM analysis, NOB materials which test negative for asbestos via PLM analysis are reported as inconclusive.

NV5 prepares an asbestos survey report which includes:

- Executive summary;
- Procedures, methodology, and analytical procedures for sample analysis;
- Tabulated locations, condition, and quantity of ACM;
- Recommendations for response actions;
- Analytical data and field sheets;
- Limitations of the survey and areas not accessed;
- Photographs and Site plans (AutoCAD); and
- Cost estimates for remediation.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see how to get a TIN on page 3.

Note: If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
- Certify that you are not subject to backup withholding; or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien.
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States.
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity.
