## Part II Certification

Under penalties of perjury, I certify that:

## Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

**U.S. person.** Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

## Gelatin

### 17 Flavors

Over 50 years ago Bernard Foods originated this type of gelatin. Note the tremendous variety of flavors in our **Gelatin Mixes**. The variety of flavors enables the school cafeteria manager and the hospital dietitian to serve a flavor other than the standard six flavors which have been served for so many years. The outstanding pure flavors and true colors are ideal to show salad vegetables or fruits to their best advantage. Lighter colors and flavors give the magnificent background that allows the fruit or vegetable to come sparkling through. Reds and darker gelatins are perfect for a whipped gelatin mold.

## Whole Grain Rich Cake Mixes

Bernard Complete Cake Mixes are made with 51% Whole Wheat Flour and Enriched Wheat Flour, fully satisfying the *Whole Grain Rich* requirement of the National School Lunch and Breakfast Programs. We use Extra Fine White Whole Wheat Flour to preserve the light color and delicate cake qualities in these products. The result is that at 51%, the presence of whole wheat is virtually undetectable.

The Chocolate, Yellow and White also make excellent cupcakes, and the Gingerbread flavor cake rings of that traditional Gingerbread man flavor!

Don't forget to use one of our three Bernard complete Frosting Mixes, or your favorite flavor of Bernard Bavarian Crème, as cake or cupcake topping!

The Nutrition Information panel below shows the USDA required serving size of 78g per serving, 42 cuts (3.7" X 3" square, cut sheet pan 7 slices by 6 slices) per sheet pan providing 1 Grain Ounce Equivalent.

Also shown below is Nutritional Information for more practical serving sizes of 70 cuts (2.6" X 2.57", cut sheet pan 10 slices by 7 slices) or 80 cuts (2.6" X 2.25", cut sheet pan 10 slices by 8 slices) per sheet pan. Both of these serving sizes provide ½ Grain Ounce Equivalent.

Bernard Pancake and French Toast Batter Mix is a complete mix dual use product that requires only the addition of water. No additional milk or eggs are needed.

**For light fluffy Pancakes**, just add water and mix by hand or in mixer, pour out batter on a lightly greased griddle and fry until golden brown on each side. Add more water to batter if a thinner pancake is desired.

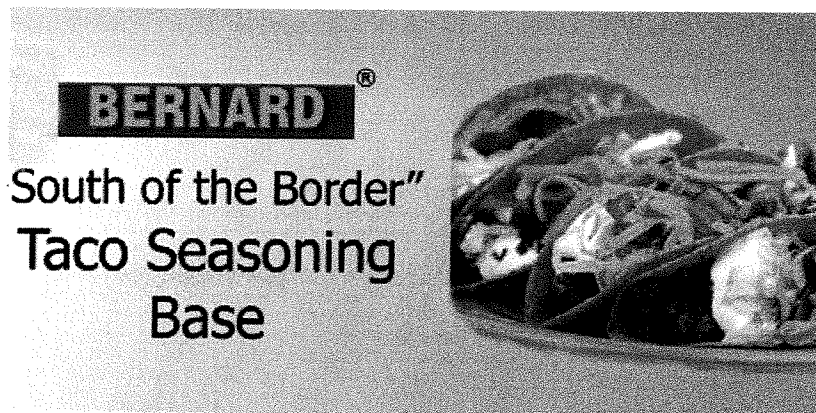

**For Waffles**, add water to mix and pour batter in a pre-heated and well-greased Waffle Iron and cook until golden brown, about 3 minutes.

**For the best French Toast you've ever had**, place mix in a mixing bowl, add water and mix with wire whip. Dip bread in batter and allow to drain slightly before placing on lightly greased griddle. Fry until golden brown on each side turning once.

Tacos are among the most popular of School lunch menu items, and our South of the Border Taco Seasoning base makes an excellent Taco or Taco Joe Filling. Just combine our seasoning mix with cooked and drained ground beef, or precooked ground beef, and water, and then simmer. Serve in Taco shells with a topping of shredded cheese, lettuce and tomato, kids love them. For a little different twist on the popularity of Tacos, try serving as a Taco Joe on a hamburger bun topped with cheese, lettuce and tomato. Truly delightful!

Each 1½ oz. serving of Taco Filling will provide 1 oz. Meat/Meat Alternate, each 3 oz. serving will provide 2 oz. Meat/Meat Alternate.

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** The IRS has created a page on IRS.gov for information about Form W-9, at [www.irs.gov/w9](http://www.irs.gov/w9). Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

**Note.** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1448 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1448 require a partnership to presume that a partner is a foreign person, and pay the section 1448 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1448 withholding on your share of partnership income.
