WESTBANK RIGHT-OF-WAY GRASS CUTTING
FOR THE JEFFERSON PARISH
DEPARTMENT OF PUBLIC WORKS – PARKWAYS DEPARTMENT

SCOPE OF WORK

The Jefferson Parish Department of Public Works – Parkways (Parkways Department) is soliciting qualified Contractors for a three (3) year contract for grass cutting, edging, blowing, sweeping, litter removal, mulching and herbicide spraying operations to be performed throughout the Westbank of unincorporated Jefferson Parish. The scope of work shall include all tasks and items listed within these specifications. This shall include turnkey maintenance of designated areas to include all specified aspects of turf maintenance for the Westbank of Jefferson Parish. Lump sum pricing per cycle shall include all equipment, incidentals, licenses, insurance, labor, fuel and transportation to the work site. The Contractor shall refer to Resolution No. 113646, as amended, which provides a uniform set of "General Conditions and Agreement for all contractors engaged in performing work or services for the Parish of Jefferson".

BID BOND:

A bid bond in the amount of five thousand dollars and zero cents (\$5,000.00) is due with the bid submission. Vendor must submit an electronic bid bond through the respective online clearinghouse bond management system as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.

PERFORMANCE BOND:

A performance bond in the amount of one million dollars and zero cents (\$1,000,000.00) is required at the signing of the formal contract. The proposer acknowledges and agrees that the Performance Bond may be forfeited for the successful proposer's failure to fully and faithfully perform its obligations in accordance with the negotiated and executed agreement.

PAYMENT BOND:

A payment bond in the amount of one million dollars and zero cents (\$1,000,000.00) is required at the signing of the formal contract.

INSPECTION OF THE SITES

All site locations included in this bid are easily accessible, at any time, for any bidder.

LICENSING

Bidders shall possess the following license:

- Louisiana State Contractors' Commercial license with the classification of SPECIALTY: LANDSCAPE, GRADING AND BEAUTIFICATION.

NOTE- Submitting the bid electronically, the license number must be entered in the appropriate field in the Electronic Procurement System. Failure to comply will cause the bid to be rejected.

Bidders shall be licensed per LSA-R.S. 37:2150-2163 and shall furnish copies of the front and back of each required license and certification. Failure to submit these copies will deem the bid non-responsive.

Bidders and/or any applicable subcontractor(s) shall possess the following licenses:

- Louisiana Department of Agriculture & Forestry State Landscape Horticulturalist License.
- Louisiana Department of Agriculture & Forestry Ground Owner Operator License.
- Louisiana Department of Agriculture & Forestry Category 6: Right-of-Way & Industrial certification.

Bid Specifications for Bid # 50-00140689

All required licenses and certifications shall be valid through the term of the contract.

The Contractor is solely responsible for abiding by all applicable laws and regulations relating to each required license.

PERIOD OF AGREEMENT

The term of the contract shall be for three (3) years.

INVOICING

The Contractor shall submit an invoice after each completed cycle of work. A separate invoice shall be submitted for Westbank Parish smooth cut routes, Westbank State smooth routes, Westbank flat rough cut routes and Westbank roadside ditch and slope mowing routes in accordance with the Attachments (see Attachment A thru D). Invoices shall be clearly labeled to the corresponding Attachments:

Attachment A - Westbank Parish Smooth Cut
Attachment B - Westbank State Smooth Cut
Attachment C – Westbank Flat Rough
Attachment D – Westbank Roadside Ditch and Slope Mowing

Partial payments for a cycle will not be made. Therefore, an invoice will not be processed unless all locations included in the cycle have been adequately completed in accordance with the specifications.

LIQUIDATED DAMAGES

Liquidated damages may be assessed for missed and/or unsatisfactory work. Liquidated damages may be assessed as outlined below:

Incomplete Work

Scheduling of work is an important part of this contract. The Contractor will be required to present a monthly schedule of his proposed operations, including all work locations, to the Parkways Department for approval. Once the schedule is approved, the Contractor must abide by this schedule of work. In the event that the schedule must be altered, it shall be the Contractor's responsibility to have any changes approved by the Parkways Department.

Jefferson Parish personnel will perform daily inspections of mowing operations in accordance with the Contractor's work schedule. In the event that a scheduled location should be incomplete, when it is inspected by the Parkways Department, liquidated damages of two hundred fifty dollars and zero cents (\$250.00) per calendar day may be assessed.

Unapproved Schedule Changes

Parkways Department personnel will rely on the Contractor's work schedule in order to efficiently check on the quality of work and to schedule in-house tasks in the same vicinities as the mowing operations (see SCHEDULE). Liquidated damages of two hundred fifty dollars and zero cents (\$250.00) per calendar day may be assessed for any unapproved schedule changes and/or missed assignments. Agreed upon weather delays shall not warrant liquidated damages.

Failure to Remove Debris / Trash

In the event that any debris or trash is left at any location overnight, liquidated damages of one hundred dollars and zero cents (\$100.00) may be assessed per location, per night. This debris may include, but not be limited to, trash bags, green debris, trash, grass clippings within the roadway and/or equipment.

If the Parkways Department notices the Contractor utilizing a right-of-way trash receptacle(s) as part of his required trash removal, liquidated damages of one hundred dollars and zero cents (\$100.00) may be assessed per location.

Bid Specifications for Bid # 50-00140689

Unsatisfactory Work / Failure to Make Corrections

Jefferson Parish personnel will perform daily inspections of mowing operations to ensure that the Contractor is abiding by the maintenance specifications and providing quality work. In the event that a location, or portion of a location, contains unacceptable work, the Contractor will be notified in writing by the Parkways Department and shall have twenty four (24) hours after the written notice to complete the work in accordance with the contract's specifications. Jefferson Parish personnel will re-inspect the area(s) twenty four (24) hours after notice is given. If the work is still unacceptable, liquidated damages of two hundred fifty dollars and zero cents (\$250.00) may be assessed, per location.

SITE LOCATIONS

See Attachment Sheets (A thru D). The specified work locations are listed within each Attachment. Additionally, Parish and State routes for smooth cutting have been separated. The locations are listed by street name with either an address or intersection to help locate each site. Furthermore, a *general* description of the required work is noted. Typical work descriptions include center median, right-of-way, cul-de-sac and lot.

The Contractor shall note the following guidelines related to grass cutting operations:

- This contract does not include maintenance of any private property.
- When maintaining a specified (typically vacant) lot, the Contractor shall include maintenance of all adjacent rights-of-way (front, side and rear) with his maintenance of the lot.
- Unless specified, this contract does not include front or side yard right-of-way maintenance of any private property, residence or business.
- When right-of-way maintenance is specified, the Contractor shall include all parish and/or private servitudes within the roadway right-of-way, including, but not limited to, drainage structures and canals, gas line rights-of-way and electrical service rights-of-way.
- When referring to the list of required locations to maintain, right-of-way (ROW) maintenance is typically specified geographically based on the roadway. If no direction is provided, the ROW area shall be assumed to cover turf area(s) of that specific location.
- There are no pictures or maps available for the required locations. There is no quantified acreage of work. It shall be the bidder's responsibility to visit the work sites to evaluate the quantity and scope of work.

PART I QUALIFICATIONS

MINIMUM REQUIREMENTS

All bidders must have the knowledge, resources and capabilities to meet the expectations of this contract. The successful bidder shall not put an undue hardship on Jefferson Parish staff due to a lack of experience with work of a similar scope and scale.

INDUSTRY STANDARDS, TESTS AND RECOMMENDATIONS

The following are standards, tests, and recommended methods that shall apply to this work.

- Occupational Safety and Health Administration (OSHA)
- Louisiana Department of Agriculture & Forestry (LDAF)
- Louisiana Department of Transportation and Development (LADOTD)

MINIMUM EQUIPMENT

The Contractor must have the appropriate type(s) and quantities of operational equipment and labor to complete the work within the specified time frames (see PART III TURF MAINTENANCE AND FREQUENCIES). Agreed upon rain days will not count toward the allotted schedule(s). The Contractor must show proof of ownership, rental agreements and/or line(s) of credit to acquire the following minimum list of equipment upon request from Parkways Department:

- (12) String trimmers (minimum 25cc)
- (6) Stick edgers (minimum 25cc)
- (6) Backpack blowers (minimum 50cc)

Bid Specifications for Bid # 50-00140689

- (6) Manicure mowers with (60" or 72") cutting decks (front or belly mount)
- (1) Tractors (85hp or greater)
- (1) Boom mower attachment (slope) (minimum 20' reach)
- (1) 15' (minimum) rotary cutting deck
- (1) Street sweeper (minimum 3 CY debris hopper)

PART II DEFINITIONS

BID PRICING

Bid pricing shall be provided per cycle (unit price) for the locations outlined in each attachment. Additionally, incidental bid items are included with this bid. There is no guaranteed quantity of any incidental bid items to be used for this contract. All bid items shall include all associated costs related to the item such as labor, material, equipment, fuel, insurance and related incidentals.

CYCLE

A cycle shall refer to all tasks associated with a complete grass cutting operation (see SMOOTH CUT, FLATS CUT and ROADSIDE CUT). The contract's pricing shall be bid at a per cycle price for each type of grass cutting (see PART III, TURF MAINTENANCE AND FREQUENCIES). The specified number of cycles for each type of cut is the minimum amount of cycles to be performed per each twelve (12) month period. At the discretion of the Parkways Department, additional cycles may be added to one or more types of grass cutting. Additional cycles shall be compensated based on the unit price per cycle provided on the bid form.

CHEMICAL APPLICATIONS (EQUIPMENT)

The Contractor shall determine the type, and quantity, of equipment required for chemical applications. Equipment may include, but not be limited to, backpack pump sprayers, street legal UTV's, trucks and/or trailers.

Tank size(s) shall be determined by the Contractor. To avoid possible cross-contamination, it is recommended that the Contractor only utilize his tank(s) for non-selective herbicide applications and that the tank(s) is not used for any other contracts. Any chemical damage to trees, turf and/or landscape beds shall be the responsibility of the Contractor to restore to its original condition and may result in termination of the contract.

CHEMICAL APPLICATION (PRE-EMERGENT HERBICIDE)

With approval from the Parkways Department, the Contractor may apply pre-emergent herbicides (Pendulum, Barricade, Esplanade or approved equal) to assist in weed control. Pre-emergent herbicide application is not a requirement of this contract, but the Contractor may apply pre-emergent herbicide up to two (2) times per year in accordance with the manufacturer's label.

Pre-emergent herbicide applications may take place along gutter bottoms, roadway joints and large hardscape areas. Pre-emergent herbicides shall not be applied in turf areas, landscape beds or under tree rings. Unauthorized pre-emergent application may result in termination of the contract.

All pre-emergent herbicide applications taking place along curbs, gutters and other hardscape areas can be applied with a higher pressure adjustable gun such as a JD-9 with a wand. The Contractor will be responsible for limiting chemical drift and is advised not to spray while winds are in excess of 5 miles per hour. The Contractor shall be responsible to any damage resulting from his spraying operations.

All chemical applications shall be performed by, or under the direct supervision of, a licensed professional. An approved subcontractor may be utilized for chemical applications. The Contractor shall record and submit a Spray Log (see ATTCHMENT E) after each application.

Bid Specifications for Bid # 50-00140689

CHEMICAL APPLICATION (NON-SELECTIVE HERBICIDE)

Chemical applications shall be applied as part of each mowing cycle so that no weeds are visible within tree rings or within hardscape areas such as curbs, gutters, sidewalks and roadways. Chemical spraying within landscape beds is not required. Chemical applications will typically consist of non-selective herbicide spraying (RoundUp or approved equal) applied in accordance with the manufacturer's label (specifications). Spraying shall take place within the required mowing areas as well as all hardscape areas adjacent to the designated cutting areas. This includes all curbs, gutters, concrete traffic devices, drainage structures and sidewalks. Curb and gutter spraying shall extend a minimum of 18" into the roadway beyond the curb. Spraying shall take place within the required mowing areas. For example, if mowing is required on a center median but not the rights-of-way of an area, curb spraying shall be required adjacent to the center median but not the rights-of-way. Additionally, all intersections within a maintenance route shall be sprayed.

Weeds shall be sprayed as soon as they are discovered during each mowing cycle. In the event that weeds reach a height of 4" or greater, the Contractor shall be required to spray them and then return forty eight (48) hours later and physically remove them.

All non-selective herbicide applications within turf and/or landscape areas (including tree rings) must be made utilizing a low/medium pressure wand with an adjustable patterned nozzle. All non-selective herbicide applications taking place along curbs, gutters and other hardscape areas can be applied with a higher pressure adjustable gun such as a JD-9. The Contractor will be responsible for limiting chemical drift and is advised not to spray while winds are in excess of 5 miles per hour. The Contractor shall be responsible to any damage resulting from his spraying operations.

Under certain circumstances, and with approval from the Parkways Department, the Contractor may utilize RoundUp QuickPRO (or approved equal) for weed control. RoundUp QuickPRO would be approved in situations where weather may have interfered with normal non-selective herbicide applications and weed growth is excessive. RoundUp QuickPRO cannot be used under the drip line of trees. The Contractor may not mix his own equivalent to RoundUp QuickPRO. All applications shall abide by the manufacturer's label.

With approval from the Parkways Department, the Contractor may apply an aquatic non-selective herbicide such as RoundUp Custom (or approved equal) in and around ditch areas to assist in roadside ditch and slope cutting operations. The Contractor shall be responsible for obtaining the proper licensure and following all regulations related to aquatic spraying. Aquatic spraying is not mandatory for this contract and will not exclude unlicensed aquatic application Contractors from bidding. However, only Contractors licensed for aquatic spraying will be allowed to apply aquatic herbicide products. All applications shall abide by the manufacturer's label.

All chemical applications shall be performed by, or under the direct supervision of, a licensed professional. An approved subcontractor may be utilized for chemical applications. The Contractor shall record and submit a Spray Log (see ATTCHMENT E) after each application.

Chemical application (non-selective herbicide) is required for every cycle.

COOPERATION

It is possible that other Jefferson Parish employees and/or contractors may be working within close proximity to grass cutting locations. The Contractor shall coordinate his work with any other work taking place in the vicinity of his grass cutting locations in relation to scheduling and limits of work. Should a conflict occur, a Jefferson Parish Representative will make the final decision as to each contractor's limits of work.

DAMAGE TO FACILITIES

The Contractor shall take exceptional precaution when performing cutting operations near utility and drainage structures in order to eliminate the possibility of damage. The slope cutting areas covered under these specifications include numerous obstructions such as CMP (Corrugated Metal Pipe), RCP

Bid Specifications for Bid # 50-00140689

(Reinforced Concrete Pipe), PVC (Polyvinyl Chloride Pipe) and other types of drainage outfall culverts and structures. In the event that damage occurs to any utility facility, the Contractor shall immediately notify a Jefferson Parish representative. In addition, the Contractor shall note in the comments section of the daily maintenance report the time, location, person notified, type of damage and circumstances of the damage. All costs associated with the repair and/or replacement of the damaged structure shall be borne by the Contractor. The Contractor shall take exceptional precaution when performing cutting operations near these structures in order to eliminate the possibility of damage.

The Contractor must have in place prior to work, a method of recording, responding and repairing legitimately broken glass, windshields or any other kind of damage experienced due to the work being performed. Jefferson Parish will direct any damage claims directly to the Contractor for investigation and remediation.

EDGING

Edging shall be accomplished utilizing mechanical stick edgers with steel blades. Edging shall occur along concrete curbs, sidewalks and other areas where hardscape meets turf. Discs, herbicides and/or string trimmers may not be used to control grass growth where grass and a paved surface meet. At the completion of edging, no grass should be visible over a hard surface. Edging equipment shall be such that a clean, sharp line along the hard surface/grass interface shall remain upon completion of edging. A minimum depth of 1" (one inch) shall remain along and below the top of hard surface paving upon completion of edging in order to slow the continued growth of the grass. All dirt and grass clippings shall then be blown off of the curb and swept (see SWEEPING/BLOWING).

In instances where a stick edger cannot be used, such as missing, depressed or broken curbs, a string trimmer may be utilized. However, the string trimmer must be turned perpendicular to the edge to create a defined line.

Edging is required for every cycle.

EQUIPMENT REQUIREMENTS

The bid shall include all equipment, operators, fuel, maintenance and transportation. All equipment shall be in a good state of operation and shall be maintained to work and perform the tasks it was designed for in an expedient time frame.

All street legal vehicles used for this contract shall include the Contractor's company name and/or logo clearly displayed. All field employees shall wear high visibility clothing that clearly displays the company name and/or logo.

EQUIPMENT STORAGE

Parking of grass cutting equipment and associated trucks and/or service vehicles during non-working hours (except during the mid-day meal period) shall take place at Parish designated and approved areas only. It is the intent of this section to eliminate the parking and storage of equipment near public rights-of-way, buildings and private facilities. The Parish will make areas available for parking equipment after working hours, weekends and holidays in relatively close proximity to the work areas. In the event that the Contractor does not wish to utilize the areas provided by the Parish, the Contractor must move and store equipment as directed by the Parish representative. Regardless of the areas designated by the Parish and used by the Contractor, the Parish assumes no liability for the contractor's equipment. Any losses due to occurrences, such as theft, malicious damage, breakage, fire or general loss, will be assumed by the Contractor.

The Jefferson Parish Parkways Department shall provide the Contractor with (24) hour access to its Westbank equipment yard. The Westbank yard is located at 1855 Ames Boulevard, Building A, Marrero, Louisiana 70072. The Contractor will be allowed to store equipment, dump debris from the street sweeper and perform minor wash-down of equipment. Additionally, the Contractor shall be allowed to utilize the hose spigots located within the yards to fill up spray and street sweeper tanks. The Contractor

Bid Specifications for Bid # 50-00140689

must provide and utilize his own hose. The Contractor shall not be allowed to rinse or clean any chemical tanks on Jefferson Parish property.

GRASS CUTTING (MOWING)

Grass cutting shall be accomplished using mechanical mowers in order to leave a smooth, level, cut on the grass following the existing grade. No gouging, scalping or similar actions shall be permitted. All trash and debris must be removed prior to grass cutting. It is the Contractor's responsibility to determine the condition of the site and work around any obstacles. Jefferson Parish shall not be responsible for any debris or hazards that may be encountered during mowing operations. The Contractor shall mow around any hazards and then alert a Parkways Department representative.

The Contractor shall determine the size and style of machine to be used. Different types of machines may be required based on the type and size of each area to be cut. Additionally, the Contractor shall use his judgement on the stability of the ground when mowing. The Contractor shall not be allowed to leave ruts within wet areas. Any ruts or holes caused by mowing operations within wet areas shall be repaired by the Contractor.

This contract will require the Contractor to mow in close proximity to existing drainage canals and shall include mowing up to the point of transition of the canal slope. It shall be acceptable for the Contractor to use a mechanical weed eater to maintain this transition area. It shall also be permissible for the Contractor to use a tractor (75 hp or less) and an implement to mow this area.

GREEN DEBRIS REMOVAL

Any waste such as grass clippings, branches, dirt or any other organic rubbish located at any area to be maintained will be considered green debris. Green debris may be existing to a location, or be generated by the Contractor's operations. Green debris, as described, shall be removed by the Contractor during each maintenance cycle as a part of the grass cutting performance. It shall not be acceptable for the Contractor to place green debris within the mulch ring of existing trees. Placing green debris under existing trees, or mowing around and not removing green debris, may result in Liquidated Damages (see LIQUIDATED DAMAGES).

Green debris, not generated by the Contractor, considered too large to remove by hand or which requires specialized equipment to remove shall be reported to the Parkways Department for removal.

Green debris removal is required for every cycle.

INSPECTIONS

Using the daily maintenance reports and spray logs submitted by the Contractor, inspections of areas of work performed shall be made by Jefferson Parish personnel to determine the acceptance of the work performed. In the event the work is considered unacceptable, the contractor will be directed to immediately employ any and all methods or means to bring the area up to an acceptable level within twenty-four hours (24) of notice, without any extra cost to Jefferson Parish.

MAINTENANCE REPORTS

Contractor shall complete a daily maintenance report for each day work is performed. Reports shall be e-mailed daily, no later than 10:00 a.m. next business day to the Parkways Department. These reports shall be used as the record for tracking the quantity and quality of work being performed. In addition, the daily maintenance report shall be utilized to record anything which might impede the contractor in performing the scope of work. The contractor is required to notify Jefferson Parish immediately within 24 hours of any problems and/or restrictions that would prevent him from performing his duties. Contractor may elect to use own report format, if approved by Jefferson Parish. If these reports are not sent on a daily basis this could delay payment of invoices.

Bid Specifications for Bid # 50-00140689

MANICURED LOT (PRIVATE PROPERTY)

A manicured lot is a vacant piece of property that is being maintained (by the Owner) on a regular basis. A manicured lot may be completely cleared, or partially cleared, but must have a portion of the lot in which the grass appears to be cut (by others) on a regular basis. No right-of-way maintenance is required adjacent to manicured lots.

NON-MANICURED LOT (PROPERTY)

A non-manicured lot is a vacant piece of property that is not being maintained (by the Owner) on a regular basis. A non-manicured lot is completely wooded and/or overgrown to the point that typical grass cutting methods could not be performed on the property. It shall be the responsibility of the Contractor to maintain the right-of-way adjacent to non-manicured properties along all mowing routes.

For example, the center median of Lapalco Boulevard is required to be on the smooth cut schedule. Additionally, there are non-manicured (wooded) properties in the 3600 block of Lapalco. The right-of-way area of these wooded lots shall be maintained at the same time (and frequency) as the center median.

NUISANCE CONTROL

The Contractor shall include in his bid the control of dust, noise and odors created by his work operations. All controls shall be completed in order that nuisances are minimized and occur within the standards of all governing bodies. All equipment shall be maintained properly in order to perform in accordance with the manufacturer's original specifications. This shall include, but not be limited to, mufflers and exhaust, fluid leaks, deck openings, wheels, tires and blades. If the Parkways Department observes any of the Contractor's equipment not performing properly, that equipment shall be immediately removed from the work site until it is properly repaired.

PINE STRAW MULCH PLACEMENT

Pine straw mulch (bales) shall be placed around each tree and within landscape bed areas for all smooth cutting locations. No weed control of landscape bed maintenance is required with this bid. Pine straw shall be placed at a minimum of four inches (4") thick in a circular fashion around most trees and shall follow the bed lines of landscaped areas. The Contractor shall be responsible for reviewing site locations to get a quantity of trees and landscape beds. Once the bid is awarded, any new trees and/or bed locations added to the routes will be quantified and paid in addition to the base contract. The Contractor shall also note mulch areas that are not typical in size such as the raised planters within the center median of Terry Parkway. The quantity of mulch required for each tree shall be based on the chart below. The Contractor shall note that his initial mulch installation will be a greater amount than what is currently installed in most areas. Pine straw mulch shall be placed level and not in a pyramidal fashion around the base of the tree. Mulch shall be pulled away from the trunk of the tree keeping the tree's root flare exposed. Pine straw mulch shall be refreshed two (2) times per year (May 1 and November 1) to maintain the minimum four inch (4") thickness. Pine straw mulch shall also be placed four inches (4") thick in all garden beds and refreshed at the same time as tree mulch. Only whole pine straw free of debris shall be permitted. The Contractor shall not leave any bale string or ties on site (or buried in the placed mulch). Pine straw placement is inclusive to the smooth cutting bid item. Cost for pine straw placement is to be included in the smooth cutting bid item. The Contractor shall have twelve (12) calendar days to install all of the required mulch from the first day of May and November. Incomplete mulching (after 12 calendar days) may result in a penalty (see LIQUIDATED DAMAGES).

Minimum Tree Ring Dimensions:

<u>Tree Diameter</u>	<u>(Minimum) Mulch Ring Dimensions</u>
6" and under	18" radius from outside of the trunk
7" – 24"	30" radius from outside of the trunk
25" – 36"	48" radius from outside of the trunk
37" and above	60" radius from outside of the trunk

Bid Specifications for Bid # 50-00140689

* Tree diameter shall be measured on the main trunk 4.5' above grade using a tree diameter tape.

Mulch placement shall occur as outlined above, but should be factored into the inclusive unit price for each smooth cut mowing cycle.

NOTE: An initial pine straw mulch application shall be required within the first month of this contract. This first mulching shall be in addition to the required mulch applications as described above and shall not be considered incidental pine straw mulch placement.

QUANTITIES

There are no provided quantities (or acreage) calculated by the Parkways Department for the bidding of this contract. It shall be the responsibility of each bidder to study the provided locations and determine any quantities needed to provide the bid pricing.

SAFETY PRECAUTIONS

The Contractor shall be responsible for ensuring that his operations are performed in a safe manner. This includes, but is not limited to, pedestrian and vehicular access, equipment operation and employee and site safety. All work shall conform to the latest guidelines of OSHA, Louisiana DOTD, Jefferson Parish and any other applicable agency.

The Contractor shall maintain a professional work zone at all times. The use of drugs or alcohol is prohibited while working on parish property.

Confrontation with citizens and/or Jefferson Parish personnel will not be tolerated.

Soliciting and/or performing private work while working on Jefferson Parish property is prohibited. Failure to maintain a professional work zone, or fraudulent activities, may result in termination of the contract and possible legal ramifications.

SCHEDULE

The Contractor shall utilize the locations provided with Attachments A – D to create a schedule of operations. The Contractor shall be responsible to provide the Parkways Department with a schedule for each type of mowing cycle. The schedule must include the locations names exactly how they are shown within the attachments, but may change the order to accommodate his operations. The Contractor supplied schedule will be the basis of the inspection process, so it is imperative that the submitted schedule be adhered to.

SPRAY LOGS

Contractor shall complete a spray log for each day that any chemical application takes place.

Spray logs shall be e-mailed daily, no later than 10:00 a.m. next business day to the Parkways Department. These spray logs shall be used as the record for tracking the locations, quantity and quality of chemical applications. The Contractor shall utilize the Louisiana Department of Agriculture and Forestry Commercial Pesticide Applicator Record Keeping Form (Attachment E) to log all herbicide spraying applications. A sample copy of this form is included in this bid package (Attachment E).

STRING TRIMMING (WEED EATING)

String trimming shall be accomplished utilizing mechanical string trimmers with a commercial grade line. String trimming shall occur around landscape beds, tree rings, signs, poles, hydrants and other objects within turf areas. Herbicides shall not be used as a method of keeping grass from growing around objects within turf areas. String trimming shall leave the grass at approximately 1" in height. Caution needs to be taken so that string trimming does throw rocks or debris into traffic and that trimming not leave areas with bare dirt. The Contractor shall ensure that string trimmers do not damage trees and/or landscape beds.

String trimming (weed eating) is required for every cycle.

Bid Specifications for Bid # 50-00140689

SUBCONTRACTORS

All mowing operations and related work must be performed by the Contractor. No subcontractors shall be allowed to perform these services. Subcontractors may be utilized for chemical applications, mulch placement and/or tree trimming.

SWEEPING/BLOWING

After cutting, the turf and paved areas adjacent to the turf areas being cut shall be free of grass, leaves, cigarette butts and any other type of debris. This shall be accomplished using a combination of blowers and street sweepers. Debris shall not be blown from the paved to the turf areas. Code 1961 17-3 Ordinance No. 2120 2-14-01 Sec. 27-71 (A) states: "It shall be unlawful to dump or place material of any kind into parish catch basins, in a canal/ditch, on the banks of a drainage canal/ditch or in drainage servitude without a permit." The Contractor shall not blow grass clippings into roadways and/or drainage catch basins. In order to keep grass, leaves, smoking paraphernalia butts and other debris from collection and building up along the curb of streets, the Contractor will be **REQUIRED** to sweep the areas affected by grass cutting and edging. Sweeping shall occur along the entire route of grass cutting. For example, when cutting the center median of Causeway Blvd., the Contractor shall also sweep all concrete curbs and barriers located within the center median area of each street intersecting Causeway Blvd. The contractor shall use a street legal mechanical or vacuum type street sweeper with a minimum three (3) cubic yard capacity debris hopper. This equipment must be approved by the Jefferson Parish Parkways Department. Street sweeping and blowing shall be performed immediately after each edging and cutting operation. Blowers may be used to blow grass clippings off of walkways and other hard surfaces. Blowers will not be allowed to blow grass clippings, dirt and debris into drain inlets. Blowers may be used to blow grass clippings and debris directly into the path of the sweeper. If the sweeper is not visibly present, the Contractor shall not be allowed to blow clippings into the roadway. The street sweeper shall ensure all clippings and debris are removed from the roadway.

The Contractor shall be allowed to utilize the Parkways Department's Westbank maintenance yard for dumping the sweeper debris and as needed storage of the equipment.

Smooth cut mowing operations along major thoroughfares shall not take place without a street sweeper present.

Sweeping/blowing is required for every cycle.

TRAFFIC CONTROL

The Contractor shall provide all necessary barricades, signs, lights and warning devices or any other item necessary in order to properly move traffic around or through his operations. Set up, removal and maintenance of all traffic control equipment shall be the Contractor's responsibility. Slow moving vehicle signs and flashing lights shall be installed on all moving equipment that will use the public rights-of-way for transportation of equipment. The Contractor shall be responsible for providing safe and expedient movement of traffic through the work areas. The Louisiana State Manual for uniform traffic control should be followed.

TRASH REMOVAL

Any non-organic or manmade debris that is not part of or obstructs the area to be maintained by the Contractor is considered to be trash and must be removed prior to any grass cutting operations during each maintenance cycle. The Contractor shall be responsible for establishing the most efficient method of trash removal. Shredding of trash by mowers will not be permitted. Under no circumstances shall any collected trash (trash bags, piles, etc.) be left at a project site without the Contractor present. Trash considered too large to be removed by hand or which requires specialized equipment to remove, shall be reported to the Parkways Department for removal.

The Contractor shall not utilize any right-of-way trash receptacle for his required trash removal.

Trash removal is required for every cycle.

TRANSFERRING CONTRACT

Transfer of this contract shall not be allowed under any circumstances unless prior written approval has been received from Jefferson Parish.

TREE TRIMMING

Canopy trees within the smooth cutting areas shall be trimmed, as needed, to a clear trunk height between 5' – 6' above grade to allow for proper clearance for mowing operations. Tree trimming shall also account for 'sucker' growth at the base of trees. Sucker growth shall be considered any growth extending from the main trunk of the tree and within 5' of ground level. All tree trimming operations shall be under direct supervision of a Louisiana licensed landscape horticulturalist. The Contractor shall utilize hand saws and loppers only. No gas or electric powered mechanical equipment shall be used to trim trees.

Trees such as full magnolias and hollies do not require trimming. No tree trimming is required within any defined landscape bed.

The Contractor shall notify the Parkways Department prior to trimming any trees. The Parkways Department must approve all locations, and sometimes individual trees, that may or may not be pruned by the Contractor.

Should the Contractor observe a heavily damaged, or dead, tree by no fault of his performance, he shall note this in the comments section of the daily maintenance report and report the tree to the Parkways Department. Tree trimming shall occur on an as-needed basis, but should be factored into the inclusive unit price for each type of mowing cycle.

UTILITY SERVICE INTERRUPT

In the event of an interruption of public or private utility service or general damage to public or private properties as a result of accidental breakage or any other actions by the Contractor, the Contractor shall immediately notify the proper authority and/or property owner and shall fully cooperate with said authority or owner until the service is restored to its previous capacity. The Contractor shall be responsible for any costs associated with utility interruptions.

VACANT PROPERTIES

This contract shall require right-of-way maintenance for some vacant properties (see MANICURED LOTS and NON-MANICURED LOTS). The roadside right(s)-of-way of non-manicured properties located along required mowing routes shall maintained at the same frequency as the specified mowing for that route.

The Contractor shall not be required to maintain the right(s)-of-way of manicured vacant properties. Right-of-way maintenance for manicured properties will be the responsibility of the property owner.

WORK COMPLIANCE

The proposed work must comply with OSHA (Occupational Safety and Health Administration), DOTD (Department of Transportation), Jefferson Parish any other applicable agency's requirements and regulations regarding this variety of work.

WORK PERIODS

The Contractor shall be allowed to work any and all days of the week from dawn until dusk. The Contractor must also be aware of any holiday, local event, construction work or any existing traffic patterns that may affect scheduled maintenance operations. The Contractor may be required to alter his work schedule accordingly. Any required modification to the work schedule will not be grounds for any additional cost to the Parkways Department.

PART III TURF MAINTENANCE AND FREQUENCIES

SMOOTH CUT

Smooth cut mowing shall occur on medians, rights-of-way and drainage canal transition areas utilizing ride-on and/or push type manicure mowers. Smooth cut mowing shall occur a minimum of: one (1) cut every twenty eight (28) days or once per every four (4) weeks, from December 1st through February 28th (29). One (1) cut every fourteen (14) days or once every two (2) weeks for March, April, October and November. One (1) cut every ten (10) days or once every one and one-half (1 ½) weeks from May thru September. The aforementioned frequency of cutting represents twenty six (26) cuts per twelve (12) month period. The grass shall be cut to a height of between a minimum of one and one-half inches (1-1/2") and a maximum of two inches (2") exposure.

Areas adjacent to the canal slopes (canal transition areas) shall be maintained as a part of smooth cut mowing. Canal transition areas do not require the Contractor to cut grass on the canal slopes, but shall require the Contractor to cut up to the line of transition from the top of the canal to the slope. The Contractor shall utilize a lawn mower to cut the majority of these transition areas. It shall be acceptable for the Contractor to use mechanical string trimmers in locations that are not wide enough for a mower, and to ensure a level line from the transition to the slope. It shall also be permissible, but not required, for the Contractor to use a tractor (75 hp or less) and an implementation to mow this area. No scalping or spraying of this transition area will be allowed.

Every smooth cut cycle shall include chemical application (non-selective herbicide), edging, grass cutting (mowing), green debris removal, string trimming, sweeping/blowing and trash removal (see PART II, DEFINITIONS).

FLAT ROUGH

Flat rough mowing shall occur in large unobstructed areas of rights-of-way and on Jefferson Parish owned vacant lots and shall utilize a tractor with a cutting attachment. Flat rough mowing shall occur a minimum of: one (1) cut per month or (30) days from January 1st through March 30th and October 1st through December 31st. Two (2) cuts per month or one (1) cut per every two (2) weeks or fourteen (14) days during April 1st through September 30th. The aforementioned frequency of cutting represents eighteen (18) cuts per twelve (12) month periods. The grass shall be cut to a height of between a minimum of two inches (2") and a maximum of three inches (3") exposure.

Every flat rough mowing cycle shall include chemical application (non-selective herbicide), grass cutting (mowing), green debris removal, string trimming, sweeping/blowing and trash removal (see PART II, DEFINITIONS).

ROADSIDE DITCH AND SLOPE MOWING

Roadside ditch and slope mowing shall occur in select locations and shall utilize a tractor (100 hp or less) equipped with a minimum 20' reach boom mower. Roadside ditch and slope mowing shall occur a minimum of: one (1) cut per month or (30) days from January 1st through May 30th and September 1st through December 31st. Two (2) cuts per month or one (1) cut per every two (2) weeks or fourteen (14) days from June 1st through August 31st. The aforementioned frequency of cutting represents fifteen (15) cuts per twelve (12) month period. The grass shall be cut to a height of between a minimum of two inches (2") and a maximum of three inches (3") exposure.

Every roadside ditch and slope mowing cycle shall include chemical application (non-selective herbicide), grass cutting (mowing), green debris removal, string trimming, sweeping/blowing and trash removal (see PART II, DEFINITIONS). If desired by the Contractor, and approved by the Parkways Department, roadside ditch and slope mowing cycles may include bottom spraying of aquatic non-selection herbicide (see CHEMICAL APPLICATIONS, NON-SELECTIVE HERBICIDE).

WEATHER AND MOWING CONDITIONS

The Contractor shall determine his activities and schedule based on the weather. Performing mowing operations during, or immediately after, weather events does not relieve the contractor of performing in

Bid Specifications for Bid # 50-00140689

accordance with these specifications. At no time will it be acceptable for the Contractor to leave any turf area with an uneven surface or to leave excessive (visible) thatch. Any divots, ruts or holes must be repaired by the Contractor.

PART IV INCIDENTAL AND ADDITIONAL BID ITEMS

GENERAL

This bid will require the Contractor to price certain related incidental tasks that may or may not be performed during the term of this contract. Unit pricing for these incidental and additional items shall be turnkey and include all material, labor and the like to perform each task in accordance with these specifications.

ADDITIONAL MAINTENANCE AREAS

The base contract requires that the Contractor maintain a list of designated areas for each cycle and type of cut. In addition, the Contractor shall provide a per acre price for the Parkways Department to utilize when adding, or subtracting, area(s) to maintain. Additional maintenance area pricing shall include all of the requirements of the different types of cuts (see PART III, MAINTENANCE AND FREQUENCIES). There is not a minimum or maximum of additional, or subtracted, area(s). The quantity of acreage shall be agreed upon by both the Contractor and the Parkways Department. All acreage quantities shall be rounded up to the nearest quarter (0.25) of an acre to prorate pricing, as needed.

INCIDENTAL CURB AND ROADWAY SPRAYING

The base contract requires that the Contractor spray non-selective herbicide along all hardscape areas adjacent to all mowing locations. Incidental curb and roadway spraying shall be for areas designated outside of required mowing locations. Incidental curb and roadway spraying shall be priced per mile and shall include both sides of the roadway in that per mile price. For example, when the Contractor is maintaining the center median of a roadway, he is required by the contract to spray the curb and gutter of that median, but not the curb and gutter on the outside of the travel lanes. The incidental curb and roadway spraying would cover these outside locations.

In some instances, the incidental curb and roadway spraying may require the Contractor to spray the curb and gutter of one side of the roadway and then spray the center line of the roadway. In any instance, the per mile price allows for the spraying of two sides of the roadway.

Incidental curb and roadway spraying shall only occur when requested by the Parkways Department. There is no minimum or maximum quantity of incidental curb and roadway spraying designated for this contract. All incidental curb and roadway spraying will require the Contractor to apply both a pre-emergent herbicide and a non-selective herbicide (mixed together) for each application (see PART II, DEFINITIONS).

INCIDENTAL PINE STRAW MULCH PLACEMENT

The base contract requires that the Contractor apply pine straw mulch (bales) twice per twelve (12) month period. Incidental pine straw mulch placement shall refer to any requested mulch placement in addition to the required mulching and shall abide by the same specifications (see PINE STRAW MULCH PLACEMENT). Incidental pine straw mulch may be requested by the Parkways Department to account for new trees and/or landscape bed plantings, to repair damage or to enhance various locations. Incidental pine straw mulch placement shall be priced per square yard (at 4" thick). Incidental pine straw mulch placement shall only occur when requested by the Parkways Department. There is no minimum or maximum quantity of incidental pine straw mulch placement designated for this contract.

NOTES: Unless specified, this contract does not include any right-of-way maintenance along the front and/or side yard(s) of any business and/or residence. Any area where the location is specified as 'lot' will include maintenance of all adjacent right-of-way frontage.

Some of the above listed right-of-way areas may include drainage ditches. These ditches shall be cut at the same frequency as the adjacent flat areas. Smooth cut ditches may be cut with a slope mower or mechanical string trimmers.

***Seven Oaks Blvd at Huey P Long Bridge:**

The Contractor shall maintain the center medians of Seven Oaks Blvd and Bridge City Ave under, and on the east and west sides of the Huey P Long bridge. In addition, the Contractor shall maintain under the Huey P Long bridge roughly 500' to the north and south of the Seven Oaks Blvd and Huey P Long bridge intersection.

This area of work shall also require that the Contractor maintain the outer right-of-way of all four (4) corners of this location. These areas include the turn lanes and ramp entrances/exits for the bridge. Work shall occur up to the fencelines where applicable (3 corners), and the drainage canal on the SW corner.

Bid Specifications for Bid # 50-00140689

****Hopehaven Property (1130 Barataria Blvd):**

The property boundaries for the Hopehaven Property shall be the Shaw High School fence line on the west side, the Shaw High School driveway on the north side, Barataria Blvd on the east side and Wichers Dr (extended to the Shaw High School fence line) on the south side. Within this boundary, the land around the southernmost building (approximately 1 acre) shall be cut by others and is not included in this contract.

Page: 1

JEFFERSON PARISH

PURCHASING DEPARTMENT
P.O. BOX 9
GRETNA, LA. 70054-0009
504-364-2678

BUYER: DREAMEY@jeffparish.net

BIDS WILL BE RECEIVED ONLINE VIA WWW.JEFFPARISHBIDS.NET UNTIL 2:00 PM, 1/19/2023 AND PUBLICLY OPENED THEREAFTER IN THE WEST BANK PURCHASING DEPT, SUITE 4400, JEFFERSON PARISH GENERAL GOVERNMENT BUILDING, 200 DERBIGNY STREET, GRETNA, LA 70053. At no charge, bidders are to submit via Jefferson Parish's electronic procurement page by visiting www.jeffparishbids.net to register for this free site. Additional instructions are included in the text box highlighting electronic procurement.

LATE BIDS WILL NOT BE ACCEPTED

NOTE: ONLY BIDS WRITTEN IN INK OR TYPEWRITTEN, AND PROPERLY SIGNED BY A MEMBER OF THE FIRM OR AUTHORIZED REPRESENTATIVE, WILL BE ACCEPTED. PENCIL AND/OR PHOTOSTATIC FIGURES OR SIGNATURES SHALL RESULT IN BID REJECTION. HOWEVER, ELECTRONIC SIGNATURES AS DEFINED IN LSA - R.S. 9:2620(8) ARE ACCEPTABLE. SIGNATURE MUST BE A SECURED DIGITAL SIGNATURE.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS
THE FOLLOWING INSTRUCTIONS APPLY TO ALL BIDS

All bids submitted are subject to these instructions and general conditions and any special conditions and specifications contained herein, all of which are made part of this bid proposal reference. By submitting a bid, vendor agrees to comply with all provisions of Louisiana Law as well be in compliance with the Jefferson Parish Code of Ordinances, Louisiana Code of Ethics, applicable Jefferson Parish ethical standards and Jefferson Parish Resolution No. 113646 and/or Resolution No. 113647 as amended.

Jefferson Parish adheres to the Louisiana Code of Governmental Ethics, contained in Louisiana Revised Statutes Annotated, R.S. 42:1101, et seq. Vendor/Proposer by this submission, warrants that there are no "conflicts of interest" related to this procurement that would violate applicable Louisiana Law. Violation of the Louisiana Code of Governmental Ethics may result in rescission of contract, permit or licenses, and the imposition of fines and/or penalties, without contractual liability to the public in accordance with applicable law.

All vendors submitting bids should register as a Jefferson Parish vendor if not already yet registered. Registration forms may be downloaded from <http://purchasing.jeffparish.net> and by clicking on Vendor Information. Current W-9 forms with respective Tax Identification numbers and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, vendor registration is mandatory. Vendors may experience a delay in payment if your company is not a registered vendor with Jefferson Parish.

All quotations shall be based on F.O.B. Agency warehouse or job site, anywhere within the Parish as designated by the Purchasing Department. This provision does not apply to public works projects

JEFFERSON PARISH requires all products to be new (current) and all work must be performed according to standard practices for the project. Unless otherwise specified, no aftermarket parts will be accepted. Unless otherwise specified, all workmanship and materials must have at least one (1) year guaranty, in writing, from the date of delivery and/or acceptance of the project. Any deviations or alterations from the specifications must be indicated and/or supporting documentation supplied with bid submission.

Bidders should submit all questions in writing via email to the buyer's email address as indicated above, no later than Five (5) working days prior to the bid opening. Bid numbers should be mentioned in all requests. If submitting online, vendors may send questions via the E-Procurement site no later than Five (5) working days prior to the bid opening.

If this bid requires a pre-bid conference (see Additional Requirements section), bidders are advised that such conference will be held to allow bidders the opportunity to identify any discrepancies in the bid specifications and seek further clarification regarding instructions. The Purchasing Department will issue a written response to bidders' questions in the form of an Addendum. Please note that all official communication will be expressed in the form of an addendum.

Visit our website at [HTTP://PURCHASING.JEFFPARISH.NET](http://PURCHASING.JEFFPARISH.NET)

DATE: 12/21/2022

BID NO.: 50-00140689

Page: 2

All formal Addenda require written acknowledgement on the bid form by the bidder. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected. JEFFERSON PARISH reserves the right to award bid to next lowest responsive and responsible bidder in this event.

JEFFERSON PARISH will accept one price for each item unless otherwise indicated. Two or more prices for one item will result in bid rejection. Bidders are required to complete, sign and return the bid form and/or complete and return the associated line item pricing forms as indicated. Vendors must not alter the bid forms. Doing so will cause the bid to be rejected.

A corporate resolution or written evidence of the individual signing the bid having such authority must be submitted with the bid. Failure to comply will cause bid to be rejected. For corporate entities, such written evidence may be a printout of the Louisiana Secretary of State's website listing the signatory as an officer. Such printout shall be included with the bid submission. Bids submitted by Owners or Sole Proprietorships must include certification that he or she owns the entity for which the bid is signed. This documentation must be submitted with the bid. Failure to do so will result in bid rejection.

NOTE: A sample corporate resolution can be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document. A sample certification of sole proprietorship can also be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

A. AWARD OF CONTRACT: JEFFERSON PARISH reserves the right to award contracts or place orders on a lump sum or individual item basis, or such combination, as shall in its judgment be in the best interest of JEFFERSON PARISH. Every contract or order shall be awarded to the LOWEST RESPONSIVE and RESPONSIBLE BIDDER, taking into consideration the CONFORMITY WITH THE SPECIFICATIONS and the DELIVERY AND/OR COMPLETION DATE. SPLIT AWARDS MADE TO SEVERAL VENDORS WILL ONLY BE GRANTED TO THOSE DEEMED RESPONSIVE AND RESPONSIBLE.

All bid prices shall remain valid for 45 days. Jefferson Parish and the lowest responsive and responsible bidder(s) by mutual written consent may mutually agree to extend the deadline for award by one (1) or more extensions of thirty (30) calendar days.

PROTESTS: Only those vendors that submit bids in response to this solicitation may protest any element of the procurement, in writing to the Director of the Purchasing Department. Written protest must be received within 48 hours of the release of the bid tabulation by the Purchasing Department. After consultation, the Parish Attorney's Office will then respond to protests in writing. (For more information, please see Chapter 2, Article VII, Division 2, Sec. 2-914.1 of the Jefferson Parish Code of Ordinances.)

PREFERENCE: Unless federal funding is directly spent by Jefferson Parish for this purchase, preference is hereby given to materials, supplies, and provisions produced, manufactured or grown in Louisiana, quality being equal to articles offered by competitors outside the state. "LSA – R.S. 38:2251-2261"

B. USE OF BRAND NAMES AND STOCK NUMBERS: Where brand names and stock numbers are specified, it is for the purpose of establishing certain minimum standards of quality. Bids may be submitted for products of equal quality, provided brand names and stock numbers are specified. Complete product data may be required prior to award.

C. CANCELLATION OF CONTRACT: JEFFERSON PARISH reserves the right to cancel all or any part if not shipped promptly. No charges will be allowed for parking or cartage unless specified in quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel any contract at anytime and for any reason by issuing a THIRTY (30) day written notice to the contractor.

For good cause and as consideration for executing a contract with Jefferson Parish, vendor conveys, sells, assigns and transfers to Jefferson Parish or its assigns all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of Louisiana, relating to the particular good or services purchased or acquired by Jefferson Parish.

D. PRICES: Jefferson Parish is exempt from paying sales tax under LSA-R.S. 47:301 (8)(c). All prices for purchases by Jefferson Parish of supplies and materials shall be quoted in the unit of measure specified and unless otherwise specified, shall be exclusive of state and local taxes. The price quoted for work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit price shall prevail.

Quantities listed are for bidding purposes only. Actual requirements may be more or less than quantities listed.

Bidders are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, national origin, or sex; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply. This assurance includes compliance with the administrative requirements of the Revenue Sharing final handicapped discrimination provisions contained in Section 51.55 (c), (d), (e), and (k)(5) of the Regulations. New construction or renovation projects must comply with Section 504 of the 1973 Rehabilitation Act, as amended, in accordance with the American National Standard Institute's specifications (ANSI A17.1-1961).

DATE: 12/21/2022

BID NO.: 50-00140689

Page: 3

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

Jefferson Parish and its partners as the recipients of federal funds are fully committed to awarding a contract(s) to firm(s) that will provide high quality services and that are dedicated to diversity and to containing costs. Thus, Jefferson Parish strongly encourages the involvement of minority and/or woman-owned business enterprises (DBE's, including MBE's, WBE's and SBE's) to stimulate participation in procurement and assistance programs.

The purpose and intention of this invitation to bid is to afford all suppliers an equal opportunity to bid on all construction, maintenance, repair, operating supplies and/or equipment listed in this bid proposal. JEFFERSON PARISH WILL ACCEPT ONE BID ONLY FROM EACH VENDOR. Items bid must meet specifications.

Advertised bids will be tabulated and a copy of the tabulation will be forwarded to each responding bidder.

IN ACCORDANCE WITH STATE REGULATIONS JEFFERSON PARISH OFFERS ELECTRONIC PROCUREMENT TO ALL VENDORS

This electronic procurement system allows vendors the convenience of reviewing and submitting bids online.

This is a secure site and authorized personnel have limited read access only. Bidders are to submit electronically using this free service; while the website accepts various file types, one single PDF file containing all appropriate and required bid documents is preferred. Bidders submitting uploaded images of bid responses are solely responsible for clarity. If uploaded images/documents are not legible, then bidder's submission will be rejected. Please note all requirements contained in this bid package for electronic bid submission.

Please visit our E-Procurement Page at www.jeffparishbids.net to register and view Jefferson Parish solicitations. For more information, please visit the Purchasing Department page at <http://purchasing.jeffparish.net>.

The general specifications for construction projects and the purchase of materials, services and/or supplies are those adopted by the JEFFERSON PARISH Council by Resolution No. 113646 or 113647 as amended. The general conditions adopted by this resolution shall be considered as much a part of this document as if they were written wholly herein. A copy may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. You may also obtain a copy by visiting the Purchasing Department webpage at <http://purchasing.jeffparish.net> and clicking on Online Forms.

ADDITIONAL REQUIREMENTS FOR THIS BID

PLEASE MATCH THE NUMBERS PRINTED IN THIS BOX WITH THE CORRESPONDING INSTRUCTIONS BELOW.

3,4,5,6,8,9,10,11,12,13,15

1. All bidders must attend the MANDATORY pre-bid conference and will be required to sign in and out as evidence of attendance. In accordance with LSA R.S. 38:2212(l), all prospective bidders shall be present at the beginning of the MANDATORY pre-bid conference and shall remain in attendance for the duration of the conference. Any prospective bidder who fails to attend the conference or remain for the duration shall be prohibited from submitting a bid for the project.
2. Attendance to this pre-bid conference is optional. However, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specification with no additional cost to the owner.
3. Contractor must hold current applicable JEFFERSON PARISH licenses with the Department of Inspection and Code Enforcement. Contractor shall obtain any and all permits required by the JEFFERSON PARISH Department of Inspection and Code Enforcement. The contractor shall be responsible for the payment of these permits. All permits must be obtained prior to the start of the project. Contractor must also hold any and all applicable Federal and State licenses. Contractor shall be responsible for the payment of these permits and shall obtain them prior to the start of the project.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

4. A LA State Contractor's License will be required in accordance with LSA R.S. 37-2150 et. seq. and such license number will be shown on the outside of the bid electronic envelope. Failure to comply will cause the bid to be rejected. When submitting the bid electronically, the license number must be entered in the appropriate field in the electronic procurement system. Failure to comply will cause the bid to be rejected.
5. It is the bidder's responsibility to visit the job site and evaluate the job before submitting a bid.
6. Job site must be clean and free of all litter and debris daily and upon completion of the contract. Passageways must be kept clean and free of material, equipment, and debris at all times. Flammable material must be removed from the job site daily because storage will not be permitted on the premises. Precaution must be exercised at all times to safeguard the welfare of JEFFERSON PARISH and the general public.
7. PUBLIC WORKS BIDS: All awards for public works in excess of \$5,000.00 will be reduced to a formal contract which shall be recorded at the contractor's expense with the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. A price list of recordation costs may be obtained from the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. All awards in excess of \$25,000.00 will require both a performance and a payment bond. Unless otherwise stated in the bid specifications, the performance bond requirements shall be 100% of the contract price. Unless otherwise state in the bid specifications, the payment bond requirements shall be 100% of the contract price. Both bonds shall be supplied at the signing of the contract.
8. NON-PUBLIC WORKS BIDS: A performance bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The performance bond shall be supplied at the signing of the contract.
9. NON-PUBLIC WORKS BIDS: A payment bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The payment bond shall be supplied at the signing of the contract.
10. All bidders must comply with the requirements stated in the attached "Standard Insurance Requirements" sheet attached to this bid solicitation. Failure to comply with this instruction will result in bid rejection.
11. A bid bond will be required with bid submission in the amount of 5% of the total bid, unless otherwise stated in the bid specifications. All sureties must be in original format (no copies) When submitting a bid online, vendors must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.
12. This is a requirements contract to be provided on an as needed basis. JEFFERSON PARISH makes no representations on warranties with regard to minimum guaranteed quantities unless otherwise stated in the bid specifications.
13. Freight charges should be included in total cost when quoting. If not quoted FOB DELIVERED, freight must be quoted as a separate item. Bid may be rejected if not quoted FOB DELIVERED or if freight charges are not indicated on bid form.
14. PUBLIC WORKS BIDS - Completed, Signed and Properly Notarized Affidavits Required; This applies to all solicitations for construction, alteration or demolition of public buildings or projects, in conformity with the provisions contained in LSA-RS 38:2212.9, LSA-RS 38:2212.10, LSA-RS 38:2224, and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Conviction Affidavit, Non-Collusion Affidavit, Campaign Contribution Affidavit, Debt Disclosures Affidavit and E-Verify Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

15. NON PUBLIC WORK BIDS - Completed, Signed and Properly Notarized Affidavits Required in conformity with the provisions contained in LSA – RS 38:2224 and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Collusion Affidavit, Debt Disclosures Affidavit and Campaign Contribution Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled NON PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

16. The ensuing contract for this bid solicitation may be eligible for FEMA reimbursement and/or Federal funding/reimbursement. As such, the referenced appendix will be applicable accordingly and shall be considered a part of the bid documents. All applicable certifications must be duly completed, signed and submitted with bid submission. Failure to submit applicable certifications with bid submission will result in bid rejection.

17. For this project, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which is permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment."). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owed on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Owner will furnish to contractor a certificate form which certifies that Owner is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment, and report to Owner the amount of taxes not incurred.

It shall be the duty of every parish officer, employee, department, agency, special district, board, and commission: and the duty of every contractor, subcontractor, and licensee of the parish, and the duty of every applicant for certification of eligibility for a parish contract or program, to cooperate with the Inspector General in any investigation, audit, inspection, performance review, or hearing pursuant to JPCO 2-155.10(19). By signing this document, every corporation, partnership, or person contracting with PARISH, whether by cooperative endeavor, intergovernmental agreement, bid, proposal, application or solicitation for a parish contract, and every application for certification of eligibility for a parish contract or program, attests that it understands and will abide by all provisions of JPCO 2-155.10.

BID NO.: 50-00140689

BID FORM
Non Public Works

All Public Work Projects are required to use the Louisiana Uniform Public Work Bid Form

All prices must be held firm unless an escalation provision is requested in this bid. Jefferson Parish will allow one escalation during the term of the contract, which may not exceed the U.S. Bureau of Labor Statistics National Index for all Urban Consumers, unadjusted 12 month figure. The most recently published figure issued at the time an adjustment is requested will be used. A request must be made in writing by the vendor, and the escalation will only be applied to purchases made after the request is made.

Are you requesting an escalation provision?

YES _____ NO X

MAXIMUM ESCALATION PERCENTAGE REQUESTED _____%

INITIAL BID PRICES WILL REMAIN FIRM THROUGH THE DATE OF _____.

For the purposes of comparison of bids when an escalation provision is requested, Jefferson Parish will apply the maximum escalation percentage quoted by the bidder to the period to which it is applied in the bid. The initial price and the escalation will be used to calculate the total bid price. It will be assumed, for comparison of prices only, that an equal amount of material or labor is purchased each month throughout the entire contract.

Choice B X _____ There are **NO** debts which would require disclosure under Choice A of this section.

Affiant further said:

That Affiant has employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project or in securing the public contract were in the regular course of their duties for Affiant; and

[The remainder of this page is intentionally left blank.]

That no part of the contract price received by Affiant was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project were in the regular course of their duties for Affiant.

STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.

JEFFERSON PARISH REQUIRED STANDARD INSURANCE

☒ WORKER'S COMPENSATION INSURANCE

As required by Louisiana State Statute, exception; Employer's Liability, Section B shall be \$1,000,000 per occurrence when Work is to be over water and involves maritime exposures to cover all employees not covered under the State Worker's Compensation Act, otherwise this limit shall be no less than \$500,000 per occurrence.

Note: If your company is not required by law to carry workmen's compensation insurance, i.e. not a Louisiana company, sole employee of the company, then bidders must request a workmen's compensation insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being

rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

☒ **COMMERCIAL GENERAL LIABILITY**

Shall provide limits not less than the following: \$1,000,000.00 Combined Single Limit per Occurrence for bodily injury and property damage.

☒ **COMPREHENSIVE AUTOMOBILE LIABILITY**

Bodily injury liability \$1,000,000.00 each person; \$1,000,000.00 each occurrence.
Property Damage Liability \$1,000,000.00 each occurrence.

Note: This category may be omitted if bidders do not/will not utilize company vehicles for the project or do not possess company vehicles. Bidder must request an automobile insurance declaration affidavit prior to the bid opening date. This insurance declaration affidavit must be fully completed, signed, properly notarized and submitted with the bid. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

DEDUCTIBLES - The Parish Attorney with concurrence of the Director of Risk Management have waived the deductible section of the Terms and Conditions for all Invitations to Bid, until further notice.

UMBRELLA LIABILITY COVERAGE

An umbrella policy or excess may be used to meet minimum requirements.

FOR CONSTRUCTION AND RENOVATION PROJECTS:

The following are required if selected below. Such insurance is due upon contract execution.

☐ **OWNER'S PROTECTIVE LIABILITY**

To be for the same limits of liability for bodily injury and property damage liability established for commercial general liability.

☐ **BUILDER'S RISK INSURANCE**

The contractor shall maintain Builder's Risk Insurance at his own expense to insure both the owner (Parish of Jefferson) and contractor as their interest may appear.

Know all men by these presents that SureTec Insurance Company, a Corporation duly organized under the laws of the State of TX, are held and firmly bound unto the above owner/obligee by the transmission. The surety agrees to waive the statute of Fraud defense and further agrees that the owner/obligee is a third party beneficiary of the waiver for the purposes of enforcing this bid bond.

SureTec Insurance Company

LIMITED POWER OF ATTORNEY

Know All Men by These Presents, That SURETEC INSURANCE COMPANY (the "Company"), a corporation duly organized and existing under the laws of the State of Texas, and having its principal office in Houston, Harris County, Texas, does by these presents make, constitute and appoint

James R Winchester, Fielden Mitts

its true and lawful Attorney-in-fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver any and all bonds, recognizances, undertakings or other instruments or contracts of suretyship to include waivers to the conditions of contracts and consents of surety for:

Principal: Corporate Green

Obligee: Jefferson Parish

Amounts: See Bond Form

and to bind the Company thereby as fully and to the same extent as if such bond were signed by the President, sealed with the corporate seal of the Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolutions of the Board of Directors of the SureTec Insurance Company:

Be it Resolved, that the President, any Vice-President, any Assistant Vice-President, any Secretary or any Assistant Secretary shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

Attorney-in-Fact may be given full power and authority for and in the name of and of behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements or indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be binding upon the Company as if signed by the President and sealed and effected by the Corporate Secretary.

Be it Resolved, that the signature of any authorized officer and seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signature or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached. (Adopted at a meeting held on 20th of April, 1999.)

In Witness Whereof, SURETEC INSURANCE COMPANY has caused these presents to be signed by its President, and its corporate seal to be hereto affixed this 27th day of October, A.D. 2020.

SURETEC INSURANCE COMPANY

By: Michael C. Keimig
Michael C. Keimig, President

State of Texas ss:
County of Harris

On this 27th day of October, A.D. 2020 before me personally came Michael C. Keimig, to me known, who, being by me duly sworn, did depose and say, that he resides in Houston, Texas, that he is President of SURETEC INSURANCE COMPANY, the company described in and which executed the above instrument; that he knows the seal of said Company; that the seal affixed to said instrument is such corporate seal; that it was so affixed by order of the Board of Directors of said Company; and that he signed his name thereto by like order.

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type. See Specific Instructions on page 3.	1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank. CORPORATE GREEN, LLC		
	2 Business name/disregarded entity name, if different from above GreenSeasons		
	3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor or single-member LLC <input type="checkbox"/> C Corporation <input type="checkbox"/> S Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input checked="" type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ C Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) ▶		4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from FATCA reporting code (if any) _____ <i>(Applies to accounts maintained outside the U.S.)</i>
	5 Address (number, street, and apt. or suite no.) See instructions. 14461 FRENCHTOWN ROAD		Requester's name and address (optional)
	6 City, state, and ZIP code GREENWELL SPRINGS, LA 70739		
	7 List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number										
			-				-			
or										
Employer identification number										
0	1		-	0	7	4	3	8	0	8

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)
Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Attachment B - Westbank State Smooth Cut

VICINTY	LOCATION
Barataria Blvd (Alice St to Estelle School)	Center Median
Barataria Blvd (Warwick Dr to August Ave)	West ROW (Include Canal Tip at August Ave)
Barataria Blvd (14 th St to Patriot St)	East ROW
Barataria Blvd (at Patriot St)	East Side Lot
Barataria Blvd (at 1648 Barataria Blvd)	West ROW
Barataria Blvd (Oak Ridge Plaza Commercial Property to Alexis Dr)	East ROW Along Wall
Barataria Blvd (Dueling Oaks Ave to Eden Roc Dr)	West ROW
Barataria Blvd (Martin Dr to Ames Blvd)	North ROW
Barataria Blvd (Mt Rushmore Dr to College Pkwy)	West ROW
Barataria Blvd (Hillcrest Dr to 3301 Barataria Blvd)	East ROW
Belle Chasse Hwy (Whitney Ave to Engineers Rd)	Center Median
Belle Chasse Hwy (Timberlane Blvd to Bellemeade Blvd)	South ROW

NOTES: Unless specified, this contract does not include any right-of-way maintenance along the front and/or side yard(s) of any business and/or residence. Any area where the location is specified as 'lot' will include maintenance of all adjacent right-of-way frontage.

Some of the above listed right-of-way areas may include drainage ditches. These ditches shall be cut at the same frequency as the adjacent flat areas. Smooth cut ditches may be cut with a slope mower or mechanical string trimmers.

The total length of roadway to be maintained for Westbank State Smooth Cut is approximately 6.2 miles.
