MITIGATING RISK & SECURING BUSINESS FOR OVER THIRTY YEARS

PAST PERFORMANCE

Partnered with the FDA and DEA to protect the integrity of the U.S. pharmaceutical and medical device supply channels.

Secured the National Institutes of Health's supply chain.

Worked with the DHS on money laundering initiatives in Latin America.

Aided U.S. Secret Service in penetrating an organized U.S. currency counterfeiting ring in Latin America.

Ongoing work with the DHS on intellectual property rights enforcement and industry initiatives.

Created and managed global security and loss prevention programs for multi-national corporations in many industries including technology, medical devices, pharmaceuticals, mechanical parts, consumer products, food/beverages, luxury goods, and apparel.

Handled some of the largest and most infamous special claims and environmental investigations in the history of the insurance industry.

Closely partnered with SDVO, SDVOSB, and WOSB companies currently working on contracts with the DoD, DHS, State Department, and other U.S. government agencies.
